## *About Us*

I would like to share with you a rare experience provided by a “HUMAN WONDER” who, despite total paralysis of his whole body, has remained undaunted for the last ten years and more, and had striven to help the active, inspiring social service.

In 1981, When he was only 27 years and a desperate cripple of six years, who had to be helped by others around him for every little movement of any of his limbs, He had the courage of conviction, injected and inspired by his mentor Dr.Amar Singh, and dared to establish a service organisation and christened it as “AMAR SEVA SANGAM” by way of paying his humble but sincere gratitude and tribute to the Doctor who has helped him out of the jaws of death.....

Our first Patron-in-Chief Bharat Ratna  
Late Shri C.Subramaniam.

I could well see for myself how this Ramakrishnan, even as he is progressing with faith and determination in his endeavors, is ever more dedicating himself to the upliftment of the poor and the disabled so that they may lead their lives without being a burden on others!

Interestingly, another crippled young man, Sankara Raman, Chartered Accountant with a sizeable practice of his own in Madras who happened to visit Ayikudy in January 1992, out of curiosity to see for himself what Ramakrishnan was doing there, lost no time in bidding good-bye to his lucrative auditing practice and settled down in Ayikudy to help and work with Ramakrishnan. Together they are striving to build Amar Seva Sangam in the true spirit of service to humanity.

May I also hope that Ramakrishnan and Sankara Raman will go on and on undaunted with the good and noble task of inspiring us with their own dedication and selfless service!

*- A benediction from Bharat Ratna Late Shri C.Subramaniam, our first Patron-in-Chief

## *Message from*

19<sup>th</sup> August 2008

**Air Marshal (Retd) - Amarjit Singh Chahal, AVASM VSM, MS FRACS (Australia) & Director General - ISIC, Vasant Kunj, New Delhi**

It gives me great pleasure to wish Shri Rama Krishna and his team at Amar Seva Sangam, its more progress and achievements, in years to come. During my visit to this unique institution at Ayakudy, Tamilnadu, South India in April 2008, I was impressed with the team spirit with which the organisation is running. School for Children has about 1000 students & will soon have a college to cater for higher education in this area. The Sangam has been recognised as a center for Rehabilitation for Paraplegics who can get treatment at a nominal cost. Local specialists have helped to establish a Spinal cord Injuries Center with an operation theatre to provide high quality treatment in Physiotherapy & Rehabilitation.

As a specialist in Spinal Surgery & Rehabilitation, it makes me feel proud of Ramakrishna and Shankar Raman who have set up a fine Institution in India. Doctors, Therapists from Western Countries spend months to learn simple rehabilitation methods.

Armed forces In India set up a beautiful Paraplegic Center at Kirkee, Pune, adjoining SCI CENTER at Military hospital Kirkee.

Sir George Bedbrook who visited Paraplegic Home Kirkee in 1982, suggested that India needs many such centres. It is creditable to Ramakrishna to establish the wonderful Ashram for Paraplegics with generous help from the people of South India and the Government of Tamilnadu.

CNN gave an award to the Ashram in 2007. This is International recognition to the Ashram. I wish Godspeed to continue the excellent work in a difficult area of Rehabilitation.

*With Best wishes to all the Staff and Inmates at the Ashram.*

Towards this Shri V.Shankar of Sri Kanchi Mahaswami Peetarohana Shatabdi Mahotsav Trust, Sion, Mumbai donated a magnanimous amount of Rs.35 lakhs for completing the construction and providing of necessary amenities in this building. The Post Acute Care of Spinal Cord Injured Patients is a continuous process. Moreover, they have to be trained in self-help.

Presently Spinal Cord Injured ward has 8 inmates. The ward is spacious and disabled friendly. This part of work was conceived and started with the aid of Japanese Grant in 1998. Initially we did not have much sophistication and this was functioning at the Home for the challenged children before moving into the new premises. As we found the response very encouraging and highly useful for the families faced with challenged persons, this centre became our nerve center. This centre offers more modern approach with many items like soft mattresses, mirrors, specific playing materials for the children and new rehabilitation techniques.

Child Developmental Care

The results obtained are highly encouraging as can be seen from the progress made by the physically challenged persons.

## 2. Village Based Rehabilitation Initiatives (VBRI)

*Success Story*  
*K. Iyappan had been affected by cerebral palsy from the birth. His parents were very worried because of his inability to stand alone. 5 - 6 years back, he came under the rehabilitation programmes of Amar Seva Sangam. As a result of the various inputs, today, he is able to stand alone, become a leading member of the "Vetrikaranga" Self-Help Group brainchild of Amar Seva Sangam. He has since obtained requisite loans and runs a shop, fetching him almost Rs.50/- a day. His parents are greatly relieved to see Iyappan standing on his own feet.*

**The Village Based Rehabilitation Initiative**, conceived as an innovative project for participation of persons with disabilities in all walks of life providing opportunities and challenges without discrimination or favour, provision of adequate support systems to neutralize their physical conditions and making them equal citizens is now gaining further momentum. As there are more and more stories of success, there are also equal amount of challenges particularly in the field of women education, savings and credit management and also in members participation in SHGs. Definitely the trend is very encouraging and the outlook positive.

Mobilizing basic requirements amongst persons with disabilities in villages, creation of Self-Help Groups (SHGs), fulfillment of basic rehabilitation needs, assisting the groups for getting Governmental supports, helping them for educational and economical benefits, protecting cerebral palsy / mentally challenged persons, supporting them for handling their legal rights and further developing the groups into federations are some of the vitally important and focused objectives of Village Based Rehabilitation Initiatives Programmes.

Four Blocks in Tirunelveli District – Tenkasi, Kadayannallur, Keezhapavoor and Shencottah (about 330 villages) are covered under the purview of the VBRI programme. As an ongoing programme of Leadership Development, elections in the normal democratic manner was facilitated and conducted in the four blocks by Sangam. Leaders have been selected who are in the process of administering and managing Block Level and District Level Federation.

## People with Mental Illness Programme

**Parameshwari**  
(Before Treatment)

*Success Story*

*N.Parameshwari was deaf and dumb. Very unfortunately she was even subjected to physical assault, resulting in mental illness. She was even chained and kept in a closed room. In these circumstances, a few goodhearted persons from various sources, including Amar Seva Sangam contacted her and brought to Amar Seva Sangam before five years. Today she has been totally rehabilitated and lives peacefully.*
