

AMAR SEVA SANGAM

AYIKUDY – 627 852

- Welcomes you ALL
- For the presentation of
ANNUAL REPORT 2020-21

AMAR SEVA SANGAM

ACTIVITIES

***DURING THE
YEAR***

2020-21

INSTITUTION BASED REHABILITATION

Home for Children with Disabilities

- Children above 5 years are admitted in the Home and are given free shelter, food, clothing, Physiotherapy, Speech Therapy, medical aid, assistive devices and appliances.
- Total number of children in the home as on 31.03.2021 - **39**

INSTITUTION BASED REHABILITATION

Sangamam School for Special Children

This school is a **Day-Care Centre** exclusively for Special Children.

As per the Government protocol all schools are closed due to Covid pandemic since April 2020. Hence we decided to

The total number of students who got training through virtual sessions as on 31-03-2021 was 71.

No. of children integrated with inclusive school - 20

INSTITUTION BASED REHABILITATION

Orthotics Centre

During the year 2020-21 the following services were rendered:

- Consultation Offered - 160
- Calipers/ Crutches/ Shoes & Sandals/ Artificial Limbs Manufactured -111
- Other Appliances Manufactured - 49
- Calipers/ Crutches/ Shoes & Sandals/ Artificial Limbs Repaired -289
- Other appliances repaired (Wheelchairs/Tricycle) – 83
- World Made Wheelchair Assembled - 60
- Total both manufactured & Repaired – 449

INSTITUTION BASED REHABILITATION

Medical Testing Unit

Due to the impact of Covid-19 pandemic this Unit was also not working on regular basis.

The patients were given permission to come whenever the corona cases were in control in the district. During this period the number of patients who came for treatment was in substantial reduction from the surrounding areas.

The therapists were trained to take online sessions of therapy classes to Home children.

Statistics for the year 2020-20 are:

- Number of persons treated: 215
- Number of services attended: 6576

INSTITUTION BASED REHABILITATION

Post Acute Care Centre for Spinal Injured

This Centre provides medical assistance, physiotherapy, skills development, vocational training in various trades and rehabilitation for Person with Acute Spinal Injury and Physical and Mental Disabilities.

- The popularity of the post-acute care Centre for the Spinal injured patients has greatly increased.
- This is evident from the fact that we have a long waiting list from different parts of the country for admission to our Centre.
- **No. of patients under our care as on 31-03-21 - 21**

25 & 26-Sep-2021

Annual General Body Meeting 2021

7

INSTITUTION BASED REHABILITATION

Hostels

Two separate hostels for boys and girls for the Disabled Youth Trainees are functioning.

The trainee students are provided food, accommodation, clothing, physiotherapy, vocational trainings in various trades, higher studies through Distance Education Centres in the campus. Some occupancy statistics for 2020-21:

No. of Inmates

- Discharged 16
- **Strength as on 31-03-2021 40**

INSTITUTION BASED REHABILITATION

Early Intervention Centre

- Started in 2013, the Early Intervention Centre's initiatives have been very successful.
- Telerehab – 38 children
- Direct Therapy – 22 children

INSTITUTION BASED REHABILITATION

Rehabilitation Centre

Guided by Institution Based Rehabilitation activities, various community support services like issue of Identity cards, arranging scholarship and maintenance grants to the disabled students, providing vocational training and artificial limbs, free note-books, etc. are being offered.

The total number of beneficiaries under the various schemes was **1177** during the year 2020-21 as against **10405** during the year **2019-20** and **3,018** during **2018-19**. **Considering the Covid 19 pandemic situation and lock down from March 2020, the statistics for the year 2020-21 has come down.**

INSTITUTION BASED REHABILITATION

Rehabilitation Centre

- Apart from rehabilitation activities, Amar Seva Sangam provides Vocational Training in note-book binding, typewriting, tailoring, toy making and advanced computer training for the disabled youths. It is gratifying to report that out of the total number **1180** trained by ASSA, **7 persons are working in software industry** in various metro cities and getting good salaries. The number of **self-employed is 416**. The number of people **doing higher education is 46**

VOCATIONAL TRAINING

INSTITUTION BASED REHABILITATION

IGNOU and Alagappa University Study Centres

The student strength at these centres as on 31-03-2021 were as under:

IGNOU

Students strength at beginning of the year	-- 34
Admission during the year	-- 00
No. of students who have completed the course	-- 15
No. of discontinued students	-- 06
Strength at the end of the year	-- 13

ALAGAPPA

Students strength at beginning of the year	-- 77
Admission during the year	-- 61
No. of students who have completed the course	-- 24
No. of discontinued students	-- 06
Strength at the end of the year	-- 108

A total of 39 students completed their studies in the above two study centres during 2020-21

INSTITUTION BASED REHABILITATION

Early Intervention for Below 6

VBRI-EI is one of the innovative and efficient programs of Amar Seva Sangam. It is an early intervention program for children with developmental delay and disabilities from birth to 6 years. By using mobile based technology-Enabling Inclusion App, children's developmental progress, staff rehab visits, parents' empowerment and satisfaction are measured on real time basis.

Two types of facilities are available: Home based and Centre based.

In home based program, trained community rehab workers visit the families of children with disability once in a week and give early intervention training to parents; these CRWs are guided by rehab professionals who visit the children once in a month. The impact of therapeutic intervention is evaluated once in 6 months.

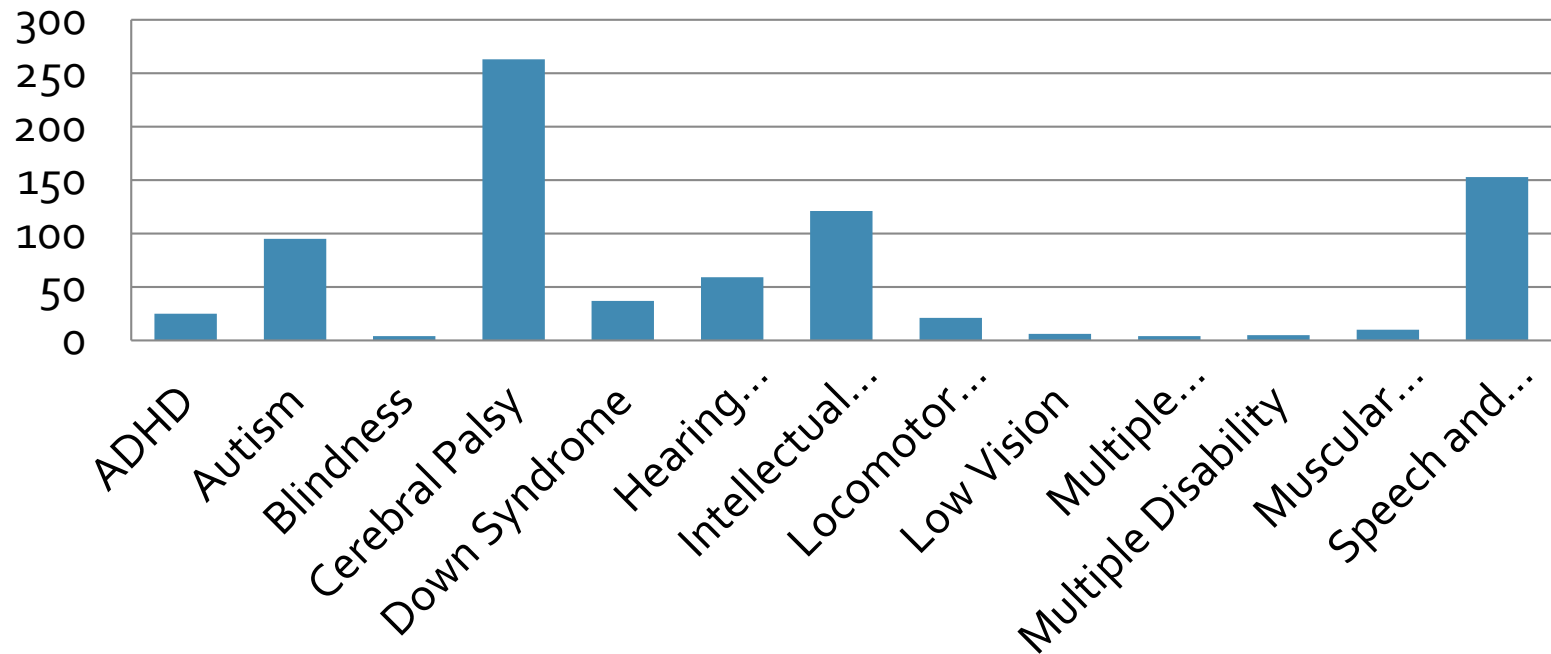

Early Intervention outreach centres are located in 8 towns in Tenkasi district. Parents bring their children to the centres and get therapeutic services.

INSTITUTION BASED REHABILITATION

Early Intervention for Below 6

This year we have **served 803 children** (actively receiving services) in 8 blocks of Tenkasi district.

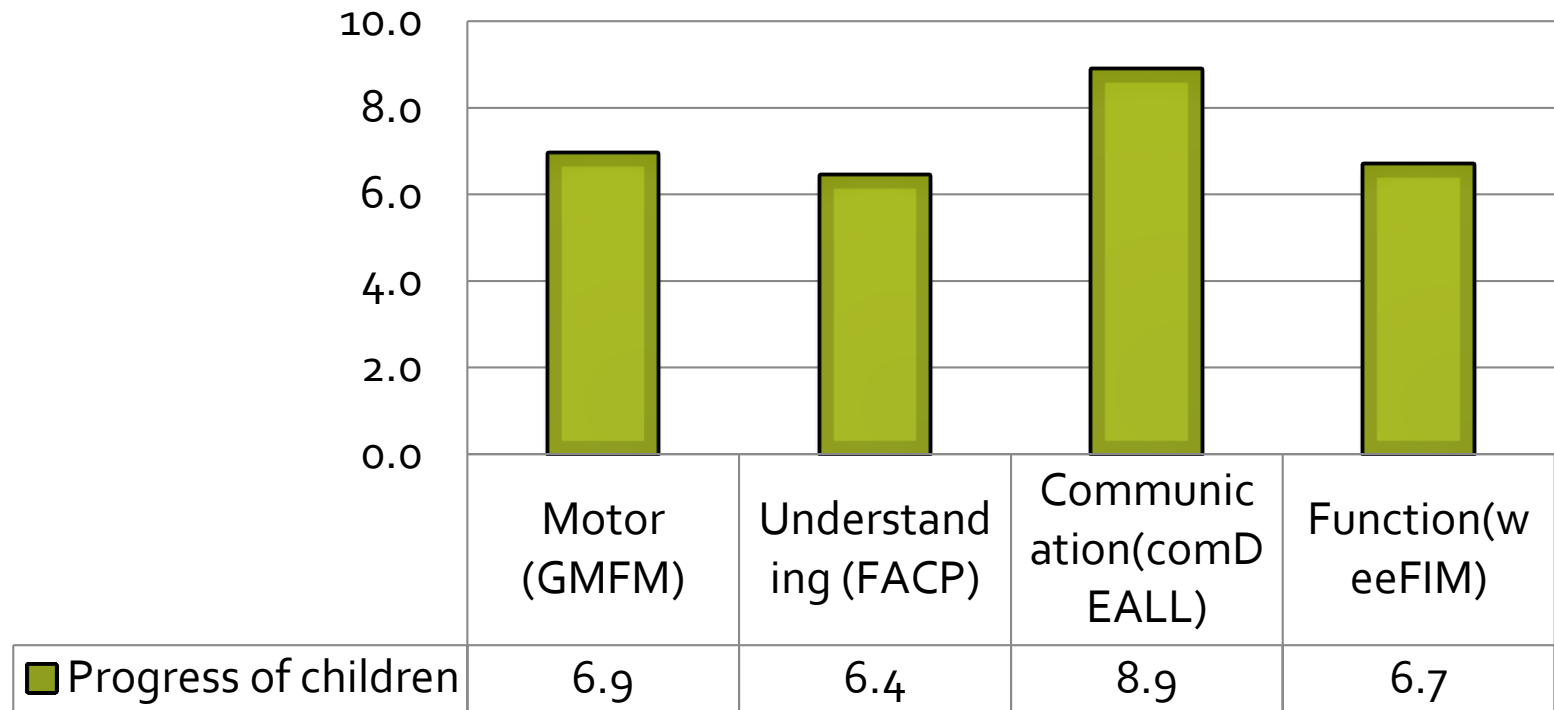

Types of Disability in EI program

Developmental Progress of children from April, 2020 to Jan 2021

INSTITUTION BASED REHABILITATION

Early Intervention for Below 6

COVID pandemic:

During COVID pandemic lock down we have explored lot of possibilities of reaching our services and continuing our work. After the first wave of COVID lock down, we organized parents training and medical camp in small groups. Totally 8 medical camps were conducted and 297 children were benefitted by getting consultation from various specialists.

Community Awareness Program

Physiotherapy training at Achanputhur EI centre

VILLAGE BASED REHABILITATION

Rehabilitation and Inclusion of Children with Disabilities of School Going Age (Above 6)

Rationale for this program

By rehabilitation support, we can improve the functioning of Children with Disabilities. This would reduce parental care stress and promote independence of children with disability.

Parents of children with disabilities needs continuous support in bringing up their children as well as to maintain their emotional stability.

Affordability and Accessibility of rehab services for children with disability in the rural areas are limited.

This program has 4 types of services

Home/school based services: For Children with disabilities in the school going age (7 to 18 years)

Parents Managed Respite Centres. For children with disabilities (7 to 16 years)

Vocational training centers : For Adults with intellectual disabilities (Age: 17 to 30 years)

Mental Health Program: Adults with Mental Illness (Age: 18 and above)

VILLAGE BASED REHABILITATION

Development Program

All the development activities -Disability specific and General community towards inclusive are facilitated through this component.

The following category of activities were done.

- Sensitizing the community, families and persons with disabilities about disabilities.
- Promoting the Self-Help Groups for development and forming Federations – wider level networking.
- Organizing People with Disabilities into Self Help Groups.
- Initiating comprehensive rehabilitation measures.
- Enabling the PWDs to access various government schemes.
- Promoting advocacy work and campaigning for the protection of rights and equal opportunities for PWDs.
- Strengthening the human resource for the effective implementation of the process.

Diary Project 2020-21

This project which was started in 2001 is a source of fund raising. Consequent to the untiring efforts of the Public Relations Souvenir Diary Department, we were able to rope in more customers for the diaries and calendars. Due to steep increase in the cost of paper, the prices of diaries have gone up. However, our team was able to achieve our target. Our Souvenir Diary is a prestige diary and the sale of this diary is picking up every year. This year we also supplied calendars to many organizations – big and small.

In 2020-21, this department raised Rs.2.50 lakhs.

STATUS REPORT ON OUTLOOK PRESENTED LAST YEAR

Status Report on Outlook presented last year

Since last General Body, Amar Seva Sangam has been passing through a period of challenges and opportunities. The Covid pandemic was a biggest challenge and the second wave hit the country very badly in terms of the health emergency and Amar Seva Sangam in terms of its income generation and flow of contributions. The Sangam could not shut down as it did last year for the reasons of providing reasonable livelihood for the people working in Amar Seva Sangam and also for continuing at least partially through tele-rehabilitation and other online means; the education and rehabilitation support for the children under various programs. The organization's activity level never went down below 60% and it was lowest in the month of June 2021, but picked up and as on end August we are about 90% of the regular operational level. In the process, Amar Seva Sangam lost opportunities on manufacturing garments for the Tiruppur export requirements and also on the various productions which could have given some supporting revenues. The contributions from the general public also have come down drastically and the challenges to overcome them are to be faced, so that the year ending March 2023 ends with a positive financial result.

Status Report on Outlook presented last year

The opportunities that we had were very exciting as we were able to get the Government partnership on the key area of district Early Intervention and also the progress towards getting the Early Intervention at the State level being made a big headway with the help of Amar Seva Sangam's aggressive lobbying which has resulted in the Government announcing a substantial portion of their World Bank supported project towards Early Intervention for the coming years. Amar Seva Sangam hopes that this opportunity that has opened up would result in our organization getting the direct implementation partnership with the Government in various other districts also in addition to the four current districts in which we are operating with the Government of Tamil Nadu. We have also entered into partnership with four NGOs in different States in India including Uttar Pradesh, west Bengal and Assam where we have started scaling up through them our Early Intervention model. The negotiation with the World Bank in Ethiopia is in a very advanced stage and would start implementing in another couple of months. Other World Vision supported negotiations in Albania and in the state of Andhra Pradesh are in advanced stages of getting finalized.

Status Report on Outlook presented last year

The school going children model is also getting good support from the Government of Tamil Nadu in its Samagra Shiksha Abhiyan program. Amar Seva Sangam hopes be a full-fledged knowledge partner with them to help them develop a separate application similar to our Enabling Inclusion which can be used by Amar Seva Sangam also for our other partnership or scale-up purposes. This way Amar Seva Sangam's brand and image will get a substantial boost and the Centre of Excellence will start moving with the right acceleration in a progressive manner. The discussions with the National Health Mission regarding the scale up in other parts are also going on even though at a slower pace. The progress on the support systems for Muscular Dystrophy persons in the state of Tamil Nadu has also made some progress, a meeting being held with the Health Secretary and other Dept. officials to improve the service delivery and provide environment to create opportunities for persons with Muscular Dystrophy.

Status Report on Outlook presented last year

The expert committee on placement and job creation requested us to provide a list of employable avenues for persons with disabilities which was done when the new Secretary took over a couple of months back. This hopefully will expand the scope of existing job postings created for persons with disabilities in the State of Tamil Nadu. This year also we completed some of the key infrastructure development projects like the Compound Wall contributed by the Hon'ble Governor of Tamil Nadu (now Governor of Punjab) and the toilet project for the residential care children. We have also successfully utilized the solar energy which has mitigated the electricity cost by more than 40%.

We have established a separate social enterprise Amar Seva Global Association which is looking into the development of partnerships with NGOs and providing support to them with the help of the Enabling Inclusion App.

The renovation for the Post-Acute Care Centre is also complete with the terrace being laid with tiles and improvements in their toilets.

The efforts to establish a fundraising mechanism is also taking shape with a consultant being hired to provide us standard operating systems and standardize the audio visual and stationary for the organization including the presentations for the donors and a mechanism for promotion through social media.

Outlook for the year 2021-22 as mentioned is challenging and exciting as well.

**Outlook for
2021-22**

1. Management of ASSA Activities during Covid pandemic 1st and 2nd wave:

Since last General Body, Amar Seva Sangam has been passing through a period of challenges and opportunities. The Covid pandemic was a biggest challenge and the second wave hit the country very badly in terms of the health emergency and Amar Seva Sangam in terms of its income generation and flow of contributions.

The Sangam could not shut down as it did last year for the reasons of providing reasonable livelihood for the people working in Amar Seva Sangam and also for continuing at least partially through tele-rehabilitation and other online means; the education and rehabilitation support for the children under various programs.

The organization's activity level never went down below 60% and it was lowest in the month of June 2021, but picked up and as on end August we are about 90% of the regular operational level. In the process, Amar Seva Sangam lost opportunities on manufacturing garments for the Tiruppur export requirements and also on the various productions which could have given some supporting revenues. The contributions from the general public also have come down drastically and the challenges to overcome them are to be faced, so that the year ending March 2023 ends with a positive financial result.

2. Enabling Inclusion – Centre of Excellence:

a) Partnering with Govt. and NGOs:

The opportunities that we had were very exciting as we were able to get the Government partnership on the key area of district Early Intervention and also the progress towards getting the Early Intervention at the State level being made a big headway with the help of Amar Seva Sangam's aggressive lobbying which has resulted in the Government announcing a substantial portion of their World Bank supported project towards Early Intervention for the coming years. Amar Seva Sangam hopes that this opportunity that has opened up would result in our organization getting the direct implementation partnership with the Government in various other districts also in addition to the four current districts in which we are operating with the Government of Tamil Nadu.

b) Partnership in India

We have also entered into partnership with four NGOs in different States in India including Uttar Pradesh, west Bengal and Assam where we have started scaling up through them our Early Intervention model.

c) Worldwide partnership:

The negotiation with the World Bank in Ethiopia is in a very advanced stage and would start implementing in another couple of months. Other World Vision supported negotiations in Albania and in the state of Andhra Pradesh are in advanced stages of getting finalized.

3. Program for School Going Children (Above 6):

The school going children model is also getting good support from the Government of Tamil Nadu in its Samagra Shiksha Abhiyan program. Amar Seva Sangam hopes be a full-fledged knowledge partner with them to help them develop a separate application similar to our Enabling Inclusion which can be used by Amar Seva Sangam also for our other partnership or scale-up purposes. This way Amar Seva Sangam's brand and image will get a substantial boost and the Centre of Excellence will start moving with the right acceleration in a progressive manner.

4. Discussion with NHM – Muscular Dystrophy:

The discussions with the National Health Mission regarding the scale up in other parts are also going on even though at a slower pace. The progress on the support systems for Muscular Dystrophy persons in the state of Tamil Nadu has also made some progress, a meeting being held with the Health Secretary and other Dept. officials to improve the service delivery and provide environment to create opportunities for persons with Muscular Dystrophy.

5. Placement and job creation for PwDs.

The expert committee on placement and job creation requested us to provide a list of employable avenues for persons with disabilities which was done when the new Secretary took over a couple of months back. This hopefully will expand the scope of existing job postings created for persons with disabilities in the State of Tamil Nadu.

6. Update about completion of infrastructures:

This year also we completed some of the key infrastructure development projects like the Compound Wall contributed by the Hon'ble Governor of Tamil Nadu (now Governor of Punjab) and the toilet project for the residential care children.

We have also successfully utilized the solar energy which has mitigated the electricity cost by more than 40%.

PAC Renovation:

The renovation for the Post-Acute Care Centre is also complete with the terrace being laid with tiles and improvements in their toilets.

7. Formation of new social enterprise - ASGA

We have established a separate social enterprise Amar Seva Global Association which is looking into the development of partnerships with NGOs and providing support to them with the help of the Enabling Inclusion App.

8. Fundraising:

The efforts to establish a fundraising mechanism is also taking shape with a consultant being hired to provide us standard operating systems and standardize the audio visual and stationary for the organization including the presentations for the donors and a mechanism for promotion through social media.

Outlook for the year 2021-22

Outlook for the year 2021-22 as mentioned is challenging and exciting as well.

We need to spend the unspent money under the Income Tax Act to the tune of more than INR 2 Crores which is earmarked for spending on infrastructure development for the organization. The compound wall, check dam and building for Centre of Excellence in rehabilitation and development of the Children with Disabilities in the upstairs of the existing Admin Block are some of the planned projects out of this amount.

The training hall for the various initiatives towards our own workers and other NGOs and Govt. staff and also the parents and other stakeholders is under construction with the support of Sanmina Group of Companies under CSR, from Chennai.

The extension of the 23 blocks with the support from the Tamil Nadu Govt. till 2023 is also on the anvil. The partnership with the Samagra Shiksha Abhiyan with Education Department of Tamil Nadu Govt. in implementing the inclusive education strategies through our own Enabling Inclusion technology in a modified form is also under way.

The sustainable fundraising and revenue generation for the organization will be the topmost priority in the coming year in formulating the system and structure for the same.

Pitching Amar Seva Sangam's reach to other States in a partnership approach will be the key area of focus that will be pursued.

Rehab Orchard, a revolutionary concept is being initiated, which is bound to give new niches for Amar Seva Sangam in the coming years for the Early Childhood Development and Rehabilitation.

Strategic purchase of land for future purposes of the organization are also on the cards

THANKS

Amar Seva Sangam has completed forty successful years of praiseworthy service towards rehabilitation of the differently able. From a humble beginning of five children in 1981, it has today grown as a leading institution in the field of Disability Management not only because we were able to adjust ourselves to demanding situations but also because of the guidance of our Patron-in-Chief, Dr. M.S. Swaminathan and Patron Shri N. Vaghul besides the support of all the Executive Committee members, General Body members, Advisory Board members, past Ex-officio Chairmen and others. We are grateful to all Government Officials. We are indebted to all our volunteers both in India and abroad, who are helping our Sangam and adding credit to it from behind the scenes.

THANKS

Our thanks are also due to Messrs. Kumar, U. Shekhar, Adarsh Nayyar and G. Ramakrishnan of Galaxy Surfactants, Bhuvaneswari, Venkatesh. S. Cowlagi HUF (all from Mumbai), Hema Ganesh of Delhi, Nalini Ramachandra, Rajan Babu of Pune, Shanthi Balasubramanian and R.P.Krishnamachari, R.Balasubramanian, R.Seshasayee, R.P.Ragavan, A.Balasubramaniam, Rajalakshmi Balasubramaniam, Viswanathan IPL, Krishnamoorthy of Simson Group of Companies (all from Chennai), Y.Balasubramanian, Kothagiri, Mukund Kulkarni, Kolkatta and Rajeev Mecheri, N.Venkatramani, Malathi Ramani, Chennai, Logix Health Solutions (P) Ltd., Bangalore, S.Raman, Shencottai, for their financial and other support rendered throughout the year.

THANKS

We shall be failing in our duty, if we do not thank Handi-Care Int'l, Canada, Grand Challenges Canada, Oracle, USA, Messrs. S.Yegnasubramanian and Kalraman, USA, Digvijay Singh, Sweden, CAF America, CAF India, Azim Premji Philanthropic Initiatives, Sitaram Jindal Foundation, Give India, Your Cause, Benevity, Global Giving, Give Now for their support. Our thanks are also due to our Statutory Auditors, Legal Advisors, Consultants, Doctors. Our special thanks to Messrs. G.R.Thangamaligai Jewellers, Chennai, who have been consistently supporting us in bringing out the Annual Report. Last but not the least, our thanks are due to our hard-working staff who continue to put their heart and soul in discharging their duties towards achieving our goal, viz. establishment of the “Valley for the Disabled”. It is with pride we record here that our staff has given superb cooperation in our endeavour to implement various HRD programs and also closely follow the norms set by ISO.

THANKS

and

With the

Blessings of God Almighty
