ABOUT US

I would like to share with you a rare experience provided by a "HUMAN WONDER" who, despite total paralysis of his whole body, has remained undaunted for the last ten years and more, and had striven to help the active, inspiring social service.

In 1981, When he was only 27 years and a desperate cripple of six years, who had to be helped by others around him for every little movement of any of his limbs, He had the courage of conviction, injected and inspired by his mentor Dr. Amar Singh, and dared to establish a service organization and christened it as "AMAR SEVA SANGAM" by way of paying his humble but sincere gratitude and tribute to the Doctor who has helped him out of the jaws of death……

I could well see for myself how this Ramakrishnan, even as he is progressing with faith and determination in his endeavors, is ever more dedicating himself to the upliftment of the poor and the persons with disabilities so that they may lead their lives without being a burden on others!

Interestingly, another crippled young man, Sankara Raman, Chartered Accountant with a sizeable practice of his own in Madras who happened to visit Ayikudy in January 1992, out of curiosity to see for himself what Ramakrishnan was doing there, lost no time in bidding good-bye to his lucrative auditing practice and settled down in Ayikudy to help and work with Ramakrishnan. Together they are striving to build Amar Seva Sangam in the true spirit of service to humanity.

May I also hope that Ramakrishnan and Sankara Raman will go on and on undaunted with the good and noble task of inspiring us with their own dedication and selfless service!

- A benediction from Bharat Ratna
Late Shri C.Subramaniam, our first Patron-in-Chief –
Published in Bhavan's Journal, Sep.'93.

Our Mission, Vision, Belief and Quality Policy

MISSION

AMAR SEVA SANGAM's mission is to empower the persons with disabilities by establishing a **'Valley for the Persons with disabilities'** as a Rehabilitation and Development Center for the region and developing models for self-help initiatives by integrating the persons with disabilities with the society for improved living conditions in the villages.

OUR VISION

It is our vision to establish a Valley for the Persons with disabilities, whereby physically/ mentally challenged persons live in a pro-active society where equality prevails irrespective of physical, mental or other challenged with the rest of the society. It is a futuristic vision whereby Amar Seva Sangam plays the role of an enabling agent to get the physically/mentally challenged "equality of status, equality in opportunities and equality in access". It is a society where people are identified as differentially abled.

OUR BELIEF

Amar Seva Sangam believes that persons with disabilities can contribute to society and the impression that they are to be sympathized and pitied, is a misconception. Amar Seva Sangam feels that if they are enabled and given a level playing ground, they can be as productive as anybody else in the society. The Sangam's ultimate aim is to empower the persons with disabilities and it is a process that will start from different entry level rehabilitation plans, depending upon their age, socio economic background and the nature and extent of disability. They are discharged from rehabilitation intervention to integrate them with society and their families. Amar Seva Sangam believes that this area can become a valley for the persons with disabilities where, everyone is treated with dignity and disability is only a part of human diversity in nature's creation. Equality should prevail and everybody should be given equal opportunity.

QUALITY POLICY

Amar Seva Sangam is committed to help physically and developmentally challenged service users by empowering them to have an equal participation in the society. This is achieved by providing them appropriate rehabilitation services of excellent Quality and continuously improving the same.

Focus areas to achieve the above are:

1. Work closely with society, various NGOs and funders both local and International and Government organizations.
   a. To enhance awareness in the community.
   b. To enhance the service facilities in the organization for rehabilitation to cope up with various challenges of all disabilities.
2. Make the organization as a "System driven one" by ensuring effective implementation and maintenance of Quality Management System and continuously improving the same.
3. Improving the quality of rehabilitation services by enhancing the competence of the human resource personnel in the organization.

Management Report: -

Amar Seva Sangam (ASSA) has successfully completed 44 years of distinguished service for the cause of the differently abled by providing residential, rehabilitation services, medical help, vocational training, new avenues of employment and more particularly Early Intervention for children with developmental delays, besides supplying necessary mobility appliances.
Started in 1981 in a humble way with a few students, the Sangam had flourished and reached new heights. **Today, Amar Seva Sangam is a much sought-after premier institution in the field of Disability Management in the country**. This was and is possible only because of the support and patronage of well-wishers who stood by our side during times of crisis. We are all indebted to them for their support.

Effective cost control measures, strict surveillance and constant monitoring have resulted in producing much better results. More efforts have been put into all the departments to ensure improvement in the financial performance for continued and sustained development. This is definitely not an easy task in view of ever-increasing inflation in all fields of the Sangam's activities.

The impact of the organization's activities is far and wide. We have raised our performance to a level to prove at large that **disability is not a constraint but only a condition** that is to be understood and lived with. The total number of services received by persons with disabilities who have got direct rehabilitation since the inception of Amar Seva Sangam is **81,776**

The social impact of our rehabilitation and training program had resulted in growth of number of persons benefitted by our services. We have discharged 5124 people as on March 31, 2025, after rehabilitation and they are at their respective places. Brief details are as under:

Score card of beneficiaries during the year ended on 31.03.2025:

Particulars	
Area Covered:	
Districts covered	4
Villages adopted by the Sangam	900+
Villagers benefitted through the Sangam	16000+

Rehabilitation:	**No. of Persons**
Children in the Home	51
Orthotics Centre with Manufacture/ service of callipers and assistive devices	1084
Children who attended the Special School (RPSNC)	21
Patients treated in the Medical Testing Unit	856
Persons received post-acute care for Spinal Injured	16
Children who attended Early Intervention Center	383
Children under Home rehabilitation through Early Intervention	845
Students with Disabilities (DYTS) at hostel	33
Goshala (cows and calves)	76

Education:	
Children who attended the integrated and inclusive school	61
Children in Nursery, Primary and Hr. Sec. School	634

Skill Development:	
Students with disabilities who undergo skill trainings in vocational training center(Disabled students in tailoring and Hand Work)	304
Students in Alagappa University and Rehabilitation Council of India	329
Amar Seva Saradambal ITI for Computer, Tailoring, Mobile repairing under skill India program (Only ITI)	60

Our employment score, after completion of our program:

• No of persons working in software company -7()	• Self Employed – 177 (4)
• B.P.O / Call center – 32(0)	• Government Job – 34(0)
• Professional (Lawyers) – 3 (0)	• Employed in Amar Seva Sangam – 38 (11)
• Private companies – 179 (15)	• Domestically employed in the family trade -214(0)

S. Ramakrishnan
Founder Chairman & President
Padmashree Awardee 2020

S. Sankara Raman
Secretary

FLASH BACK

Amar Seva Sangam was founded in Ayikudy in 1981 – the International Year for the Persons with disabilities, by **Shri S. Ramakrishnan** with only a few students. His ambition was to become a Naval Officer. He cleared many of the physical fitness tests during SSB at Bangalore; but unfortunately, in the last round of the test held on 10th January 1975, he fell down and broke his spine. He became a quadriplegic and after intense treatment both at Bangalore and Pune (in Defence Hospitals), he returned to Ayikudy. He decided to start a school for the Rehabilitation of the children with disabilities. He christened the Organization as Amar Seva Sangam as a respect to his Doctor/mentor Amarjit Singh Chahal. Bharat Ratna Late Shri C. Subramaniam was the first Chief Patron and Dr. M.S. Swaminathan is the current Patron–in-Chief, while Shri N. Vaghul, Former Chairman of ICICI is the present patron. What was started as a small school with few children has grown over the years and after forty-four years today, Amar Seva Sangam is a premier institution in the field of disability management in the country. The school which had only a handful of children to start with in 1981 has now grown up as a good Higher Secondary School, guided and taught by dedicated teachers. The Nursery School has a good strength of children with trained teachers and Helpers. Smt. Sivasankari, the famous Tamil writer and Novelist, who made known to the whole world the good work done by Shri S. Ramakrishnan and her write-up in the famous and very widely circulated Tamil Weekly Magazine 'Ananda Vikatan' touched the hearts of millions of people in India and abroad who generously contributed in cash and kind to the growth of the organization appreciating the undaunted spirit of the person with disabilities, Shri Ramakrishnan in wheelchair. He is working for the cause of not only the children with disabilities but also for the downtrodden as a whole.

In 1992, **Shri S. Sankara Raman**, a practicing Chartered Accountant at Chennai and a wheelchair user, due to Muscular Dystrophy, relinquished his lucrative practice and joined Shri S. Ramakrishnan, and today he is the Honorary Secretary of the Sangam. Both are visionaries with missionary zeal and have been meticulous in the planning and execution of various projects.

They are aware that like corporate bodies, the Sangam should have perpetual life and have been working towards a **tomorrow** when, even in their absence, the good work started by them can go on continuously.

Amar Seva Sangam believes that the **persons with disabilities** can contribute to society and the impression that they are to be **sympathized** and pitied is a **misconception**. Amar Seva Sangam feels that if the differently abled are given a level playing ground, they can be as productive as anybody else in society. The Sangam's ultimate aim is to empower the persons with disabilities to make them equal citizens.

Today, we have a Home for the Children with disabilities, a school for Children with Special needs, an inclusive Higher Secondary School for both the students with disabilities and others, a Medical Evaluation Unit for the persons with disabilities, a centre for Spinal Cord Injured persons, a centre for Early intervention for children with developmental delays, separate hostels for boys and girls, Vocational Training Centre for making Note Books, a Typing Centre, a Tailoring Centre, Handicrafts making centre and an Advanced Computer Training Centre. ASSA believes that mere rehabilitation without proper education is empty. Hence, we stress importance for formal education and it is in this context that we have opened a Special Study Centre of Manonmanium Sundaranar University (MSU) and also of Alagappa University in the campus.

All these were possible only because of the support of kind-hearted people like you and support of the corporate. With your continued support we are confident of realizing our dream of establishing "The Valley for the Persons with disabilities" as a Rehabilitation and Development Centre for the region and developing models for self-help initiatives by integrating the persons with disabilities with the society for improved living conditions in the village.

Unique Features:

- Our organization is founded and run by Persons with Disabilities.
- Built a good team and infrastructure.
- Delivering quality and value-added services.
- Operating at local, regional and national spectra.
- Professionally run organization.
- Conforming to ISO 9001 – 2015 standards.
- Process oriented organization with latest technology adoption for financial and operational areas.

Our achievements:

- Campus located in a 33-acre land.
- We have developed a globally recognized and highly impacting scalable model for Early Intervention for children with developmental delays, called ENABLING INCLUSION® which has got Intellectual Property Rights.
- We are honored and recognized with several State, National and International awards.
- We have successfully conducted an international conference on Early Intervention for children with developmental delays in February 2020, which evoked great response and potentials for building up partnerships for scale up of our program.
- Having Digital based payment gateways for fund mobilization.

We solicit the continued patronage from all our well-wishers.

ANNUAL REPORT - 2024 - 2025

Amar Seva Sangam has completed 44 years of rehabilitation services to the differently abled with diligence and earnestness after a humble start in 1981. It gives us immense pleasure to put on record our activities for the year 2024-25 and share our sweet memories.

We are proud to say that we are now one of the leading institutions in the field of Disability Management in India.

MAJOR HIGHLIGHTS

Our secretary. Shri Sankara Raman, was declared as the District ICON for persons with disabilities in the Lok Sabha Election 2025. By the District Collector, Shri Kamal Kishore, IAS.

Amar Seva Sangam and NIEPID signed an MOU on July 22, 2024 to use our Enabling Inclusion app Secunderabad Resource Center.

Amar Seva team participated in the TCS World 10 k Run Bengaluru on April 28 2024

Gandhi Jayanti program organized by Governor Office, Raj Bhavan on 02 October 2024

Amar Seva Sangam's New Logo Launch Event on 13 may 2024 in the presence of Shri. Sridhar Vembu – Founder & CEO, Zoho Corporation, Shri T.S. Krishnamurthy, Former Chief Election Commissioner, Shri D.R. Kaarthikeyan – Former Director of CBI.

Our Secretary was awarded the Ability Award 2023 by the MGM Institute of Physiotherapy, Aurangabad on 27 March 2024

Amar Seva Sangam team partcipated in theFreshworks Chennai Marathon on 05 January 2025

Amar Seva Sangam team partcipated in the Tata Mumbai Marathon on 05 January 2025

Election Awareness Rally at Tenkasi on April 6 & 9, 2024

Pongal festival celebrated at Amar Seva Sangam on 13 January 2025

Our Secretary, Sri Sankara Raman, Vice President, Dr. Murugaiah, Residential children, DYTS students, Physiotherapy team and staff participated in the 5th edition of the Nellai Marathon 2025 – Theme: “Say No To Drugs, Say Yes to Run.

The Amar Institute RCI team conducted an awareness program at Parasakthi College on World Down Syndrome Day, educating 15 specially-abled students on the schemes and rights of Persons with Disabilities with support from the VBRI Development team.

Other Events

Sangamam School for Special Children celebrated its 27th Annual Day on March 1, 2025, at REC Hall. The event featured cultural and dance performances by the children in the presence of RDO of Tenkasi Ms. A.N. Lavanya, along with our Founder/President, Promoter/Secretary, dignitaries, parents, special educators, and staff.

The sewing machines and overlock machines were distributed to members of the Vetri Karangal Special Group in Vasudevanallur. These machines are generously sponsored by Mr. Lakshmanan, who represents the Seshamma Prabhala Trust in Chennai.

Sensory Integration Hall, Sensory Garden, Early Intervention Center at Kadayam & Accessible Boys Hostel Rest Room Building were inaugurated by Mrs. M. Lakshmi, IAS, Commissioner for the Welfare of Differently abled, Government of Tamil Nadu. Guest of Honour, Mr. A.K. Kamal Kishore, IAS, District Collector, Tenkasi

A new File and Paper Bag Manufacturing Machine was installed in the Notebook Binding Section at Amar Seva Sangam, sponsored by the Rotary Club of Courtallam Chaaral and Ilakkana Ply donors.

World Down Syndrome Day was celebrated on March 21, 2025, at Amar Seva Sangam with a rally from Sangamam School to REC Hall, followed by a meeting where chief guests highlighted the importance of inclusion and appreciated the Sangam's work for persons with disabilities.

Foundation Stone Laying & Bhoomi Pooja of Spinal Injured & Stroke Care Centre on 25 January 2025. Shri Amarnath Ananthanarayanan, Managing Director Sanmar Group, Chennai was the Chief Guest.

Our Activities

1. Institution Based Rehabilitation

1.1. REHABILITATION

1.1.1. Home (Residential care)

The Home provides housing, food, clothing, transportation, Medical Aid & Appliances and Education in the Sangam's Play/Nursery/Primary/Higher Secondary Schools to Children who are in the age group of five to eighteen. Higher Education is provided outside the Campus. They are also given special coaching.

S.No.	Stages	Cumulative till 31.03.2024	Current year 2024-25	Total till 31-03-2025
A	**Residential Care Students**		At the beginning of the year 50	
B	Children discharged and promoted to Village Based Rehabilitation*	247	During the year 9	256
C	New Entrants*		During the year 10	
			Total at the end of the year A-B+C=51	

1.1.2. Sangamam School for Special Children

SANGAMAM School for Special Children is a Day Care Center which was started on 15th September 1997 with only 9 children. Handi-Care Intl, Canada - one of our major donors, raised funds for the construction of the building and a full-fledged school was inaugurated in 2009. Special children who need individual and particular care residing at various places in and around Ayikudy, are brought to the School by Sangam's vehicles sponsored by ASHA for Education, Seattle USA – (Berkley Chapter). In the Special School they are trained in daily living activities life skills, self-care, reading, writing and speech apart from vocational skills.

In addition to Special education, the children benefit from Physiotherapy, Occupational therapy, and Speech therapy, all aimed at improving their functional abilities. We also address their health and nutritional needs by providing free nutritious lunch, snacks, biscuits and milk every day.

To enhance academic learning, a smart classroom has been introduced, enabling children to engage with lessons in an interactive and effective manner. A specially designed sensory garden has also been developed to support children with sensory processing needs, helping them to manage their sensory issues and facilitating their transition into inclusive education earlier.

From 1997 to 2025, the school has enrolled 358 children with special needs, of which 64 have been successfully mainstreamed into inclusive schools. We remain committed to our mission of empowering children with special needs, helping them develop their full potential, and working toward their meaningful inclusion in society.

MILESTONES ACHIEVED:

a. Identification and handling the children with special needs.
b. Counseling the parents about their children's level.
c. To include the children in the society for a Job.

Type of Care	Cumulative till 31-03-2024	Children at the beginning of the year (2024-25)	Admissions in 2024-25	Discharged in 2024-25	Children at the end of the year 2024-25 (B+C-D)	Cumulative till 31-03-2025
	A	B	C	D	E	F
Residential Program for RPSNC (Transferred from a discontinued program by the Govt.)	65	14	6	2	18	71
Day Care (attending Sangamam school)	260	55	14	12	57	274

Success Story:

M. Mohammed Aslam joined our Special School at the age of 7 with a diagnosis of mild intellectual disability. His developmental milestones were slightly delayed, and his parents reported a delayed birth cry and respiratory distress at birth.

Before enrolling in our school, he had attended a regular kindergarten, where his mother noticed significant difficulties in his academic performance. Recognizing his unique learning needs, his parents admitted him to our Special School in 2014, where he received individualized attention, particularly in reading and writing skills.

Within a year, Mohammed Aslam made remarkable progress and was successfully included in our Inclusive School for Grade I. His social and communication skills began to flourish alongside his academic growth. By the end of two years, he was reading Tamil fluently, recognizing familiar English words, and writing Tamil dictation with neat handwriting. He also developed competence in basic arithmetic operations such as addition and subtraction. As he advanced through primary school, his academic progress remained steady. Socially, he became well-adjusted, confident, and communicative.

In the current academic year, he successfully completed Class X, securing 312 out of 500 marks. He now commutes independently between home and school, demonstrating a high level of confidence and responsibility. Known for his friendly disposition and effective communication, he has built strong and lasting friendships with his peers.

In addition to academics, he has exhibited outstanding talents in extracurricular areas. He has won multiple awards in art and craft competitions and secured 3rd place in district-level throwball—an impressive achievement that reflects his all-round development.

His journey is a powerful testament to his determination, the unwavering support of his family, and the nurturing, inclusive environment provided by our institution. His story embodies the transformative power of specia education and inclusion, and we are proud to celebrate his accomplishments.

1.1.2. Sangamam-Vocational Training Center

Sangamam VTC was inaugurated on 30.01.2017 with 28 Students with Intellectual Disability. The main objective is to make such students socially and economically independent. The training for the work is given based on the student's interest and ability. The vocational trainings given are Data Entry, chalk piece making, Phenyl making, Soap oil making and Computer Sambirani making. We have tie-up with the AMBA (Professional Data Entry and Livelihood programme using AMBA Curriculum), Bangalore for data entry training whose vision is to change mind-sets about adults with moderate to severe intellectual disability while discovering possibilities for a life of dignity for them through economic empowerment. The course has been divided into four phases like non-computer activity, computer activity, stimulation work training and job placement.

This program provides trainings for a period of two years and so far, 60 students have successfully completed the vocational trainings from 2017 and discharged. Out of the students discharged,

- Five Students are helping their parents in their own shops
- Two are doing jobs in supermarket in the nearby places
- Six are working in Hosiery job work unit section at Amar Seva Sangam
- Four are working in nearby companies
- Ten children are doing Data entry work for AMBA.

Type of Care	Cumulative till 31.03.2024	Opening Balance 31.03.2024	Admission in 2024-25	Discharged 2024-25	Closing balance 2024-25	Cumulative till 31.03.2025
VTC	88	33	15	11	37	103

1.1.3 Orthotics Centre

The Orthotics Section was established in 1993 which is functioning inside the campus involved in the manufacturing, repairing and servicing calipers and other appliances both for the residents of the Sangam and for people in the villages. The entire Services are provided Free of Cost. Initially, we had an assembling and repair correction facility based on the minimum requirement. Year after year, requirements of appliances and repair correction had increased by the extension of the service areas in our Village & Institution-based Rehabilitation Services through awareness.

We started assembling different types of appliances including assembling of wheelchair & Repair correction based on the Service User's Disabilities with the help of Indian & Foreign Physiotherapists and Occupational Therapists and year after year steadily increased the number of assembling appliances and repair corrections.

Currently, We craft a comprehensive range of assistive devices—including PVC and metal calipers, hand splints, auxiliary crutches, spinal braces, adaptive equipment, backrests, cushions, and shoe/shoe modifications.

We also specialize in postural solutions, such as custom-made CP (cerebral palsy) chairs, utilizing paper-based technologies tailored to individual needs. Additionally, we purchase mobility aids—including walkers, wheelchairs, quadrupeds, and tripod canes—and distribute them to clients in need.

Wheelchairs are further customized in-house to meet the specific requirements of each user. Finally, we demonstrate our commitment to resourcefulness and sustainability by repurposing scrap materials to build carts and trolleys.

Beneficiaries also receive support in accessing government schemes for free or subsidized devices, ensuring greater inclusion and improved quality of life.

For the period 2024-2025:

- Consultation offered - 1233
- Calipers / Crutches / Shoe & Sandals / Artificial Limbs Manufactured - 299
- Other appliances manufactured - 412
- Calipers / Crutches / Shoe & Sandals / Artificial Limbs repaired - 609
- Other appliances repaired (Wheelchairs / Tricycles) - 484
- Commercially made Wheelchair Assembled – 128 nos.

Success story:

.

Maharaja is a 3-year-old boy with cerebral palsy. His father is Murugan and his mother is Subbulakshmi. He was admitted to Amar Seva Sangam in March 2024. At the time of admission, he had poor sitting balance and was unable to sit independently without hand support, which also affected the development of his hand skills. To address this, we provided him with an appropriate paper technology chair designed for children with cerebral palsy. This supportive seating helped improve his posture and allowed him to use his hands more effectively. As a result, Maharaja is now able to sit independently and perform activities like peg board tasks and scribbling. His parents are very happy with his progress and express their heartfelt thanks to Amar Seva Sangam.

The volume of such services provided during the year is given below:

S.No.	Particulars	2023–24	2024–25	Cumulative till 31.03.2025
	Manufacturing			
1.	PVC Calipers	245	165	3407
2.	Alimco & Metal Calipers	31	60	681
3.	Crutches & walking aids	18	11	1003
4.	Shoes & Chappals	73	63	979
5.	Artificial Limbs	1	0	7

Special Device:

In April 2025, we visited the Rayagiri camp to assess the needs of individuals and measure the required devices. Our department then manufactured the devices and delivered them on May 1, 2024.

1.1.4. Medical Testing Unit for Persons with disabilities (MTU)

The Medical Evaluation Unit, also known as the Medical Testing Unit (MTU), was established in 1998 with the support of the Government of Japan. As a central facility, MTU is widely used by families of individuals with disabilities. The unit is quite popular and has a separate section for newborn babies who may require physiotherapy from an early age. The center employs a modern approach and utilizes items such as soft mattresses, mirrors, and specific play materials for children, along with new rehabilitation techniques. All these facilities are provided to the service users at a very nominal cost.

In addition to treating patients, many physiotherapy students from various colleges in Tamil Nadu and foreign universities are placed in this unit for rehabilitation training as part of their academic schedule. MTU also conducts awareness training sessions for parents and caretakers of children with Cerebral Palsy, as well as for medical and non-medical personnel about disabilities.

MTU conducts awareness training for the parents and caretakers of children with cerebral palsy and adult with Stroke. It also conducts awareness training for the medical and non-medical people about the disability. We also organize various medical camps like “eye camp”, Ayush Camp” and so on.

On a daily basis, approximately 150 service users benefit from this unit. The unit is equipped with electrotherapy and exercise therapy appliances that contain various advanced features for treating pain conditions of the back, neck, and knees, among others. Special care is provided for individuals who have had a stroke (resulting in one half of the body being paralyzed) through new neuro handling approaches.

We arrange corrective surgeries for service users in need with the philanthropic support of Dr. K. Murugiah, who operates a well-equipped hospital in Surandai, a nearby town. The philanthropic surgeries are performed by Dr. Arivasan, an orthopaedic surgeon in Madurai, Dr. Dhamodharan who is an Ortho Surgeon at Kovilpatti and Dr. Aram, a plastic surgeon in Madurai. No words of thanks will be adequate to express our gratitude to these doctors.

Additionally, the unit features a mini stroke care unit, dedicated to providing focused care and rehabilitation for stroke patients, ensuring comprehensive treatment and recovery processes. Rehabilitation services include physical therapy (PT), occupational therapy (OT), speech therapy, recreational activities, and mental health support. These services are designed to address the diverse needs of stroke patients, promoting their physical, cognitive, and emotional well-being.

2023-24	811	25033
2024-25	855	37691

Success Story about Inbaraj

Mr. Inbaraj, a 32-year-old car driver, suffered a sudden stroke while at work and was diagnosed with a left Middle Cerebral Artery (MCA) infarct, along with dysarthria (difficulty in speaking). He received initial treatment at JIPMER Hospital and was referred to Amar Seva Sangam for comprehensive rehabilitation. At the time of his admission on 26th December 2024, Mr. Inbaraj showed severe weakness in his right arm and leg. He was unable to walk or speak and used a wheelchair for all mobility. He was fully dependent on his wife for all daily activities, including dressing, eating, and personal care.

With consistent physiotherapy, occupational therapy, gait training, speech support, and caregiver education, Mr. Inbaraj made significant strides in his recovery. He is now able to walk independently, even on uneven surfaces, and has regained considerable use of his right upper limb. He is minimally dependent for daily activities and communicates more clearly due to improved speech. This progress has restored his confidence, reduced the caregiving load on his wife, and improved his overall quality of life. He continues to attend follow-up sessions and practices home-based exercises, with the hope of eventually returning to work.

1.1.5 Spinal Cord Injured Post-Acute Care Center (PAC)

The Spinal Cord Injured Post-Acute Care Centre was established in 2007. It caters to patients from all over India. To date, 293 service users have been rehabilitated and discharged, with 120 actively engaged in pursuing their livelihood. The Centre has gained popularity and currently has a waiting list of nearly 150 spinal injured individuals from various parts of India seeking admission.

This facility offers both medical and vocational rehabilitation, with a primary focus on developing independent daily living skills. It provides quality nursing care, manages complications, and offers appropriate vocational training and psychological counselling to help patients cope with the challenges they may face throughout their lives.

The Centre also organizes annual get-together programs for discharged spinal injured patients, which include free medical camps, follow-up visits, and vocational counselling. Additionally, the Centre maintains regular contact with all discharged patients through house visits.

Furthermore, the Centre provides advice to service users on necessary changes to their home structures to make them more user-friendly. Each year, physiotherapists, occupational therapists, and SLP students from 11 different Canadian universities visit the PAC Centre for clinical placements, where they are involved in rehabilitation and research activities.

*PAC: Post-Acute Care Center

Year	Discharged during the year	Cumulative patients discharged	Patients in PAC at year-end	Cumulative unique PAC patients served
Till 2013	13	34	11	45
2013–2014	14	48	12	60
2014–2015	14	62	15	77
2015–2016	13	75	16	91
2016–2017	17	92	16	108
2017–2018	18	110	17	127
2018–2019	27	137	17	154

2024–2025	25	255	25	280

Success Story:

Mr. Karthishwaran, a 45-year-old male diagnosed with Quadriparesis at the C5 level, sustained a spinal cord injury on 28th December 2020 following a diving accident into a river. He received initial emergency medical care at Rajendhran Hospital. At the time of his admission to our rehabilitation centre, he was completely dependent on a wheelchair for mobility and required total assistance for all self-care activities. He was unable to roll in bed, maintain a sitting posture, or carry out functional hand movements. He presented with flaccid paralysis of both lower limbs and lacked trunk balance. Additionally, he had no voluntary control over bladder and bowel functions, further impacting his independence and quality of life.

After undergoing intensive physiotherapy, including balance training, trunk strengthening, and mat activities, He developed the ability to roll in bed independently and transition from lying to sitting without assistance. With continued rehabilitation, he progressed to standing with the support of a walker and is now able to ambulate short distances with one-person assistance. He has also regained sufficient hand function to eat independently.

1.1.6 Hostel for Youth Trainee Students with Disabilities

Amar Seva Sangam has Hostel Facilities for Physically Challenged Boys and Girls to pursue their higher education and Vocational Training which help them to lead a decent life in the society.

Hostel Occupancy

The boys & girls staying in the hostel pursue higher studies, undergo training at our various vocational centres e.g., Tailoring, Typing, Computer etc. under Vocational Training program or through Amar Seva Saradambal ITI, such that when they move out of Amar Seva Sangam, they are fully equipped and ready to take up new assignments and employment.

#	Details	Cumulative till 31.03.2024	Current Year 2024-25	Cumulative till to 31.03.2025

1.1.7 Rehabilitation Centre (RHC)

The Rehabilitation services, offered through the RHC office, provides number of support services like Scholarship, free bus and train passes, vocational trainings, artificial limbs, school fees, notebooks, wheelchairs, job placements and other services to needy physically challenged children and adults. The scope of services covers four districts of southern Tamil Nadu viz., Tenkasi, Tirunelveli, Thoothukudi and Virudunagar. The objective behind this is to reach out to people with Direct Delivery of Services where Village Based Rehabilitation Services have not reached yet. The total number of Service Users during the year was 10771. Under the Guidance of the Institution Based Rehabilitation Activities, various Community Support Services were offered as mentioned below:

#	Particulars	Total beneficiaries from the beginning up to 31.03.2024	2024 2025	Total beneficiaries as on 31.03.2025

1.1.8 Amar Abdul Kalam Rehab Orchard

A model for Inclusive Rehabilitation and Sustainable Livelihoods

Vision in Action

The Amar Abdul Kalam Rehab Orchard continues to evolve as a **pioneering sensory integration and vocational rehabilitation ecosystem**, enabling children and adults with disabilities to engage meaningfully with nature. Rooted in the philosophy of **rehabilitation through natural environments**, the orchard provides structured therapeutic exposure, early intervention support, and pathways for vocational engagement.

Key Highlights (Cumulative Strength)

- **200+ varieties of fruit saplings**, including exotic species
- **600 Amla trees**, along with **Nakshatra, Zodiac, and Planetary gardens**
- **16+ herbal plant varieties**
- Strong **community participation**: 100+ sapling donors, sponsors, and CSR partners

Programme Reach (2024–25)

- **70+ children with disabilities** (including residential programmes) engaged in structured monthly visits
- **40+ adults with disabilities** involved in vocational and therapeutic activities
- Regular exposure for **students, volunteers, and agricultural institutions**

Impact Delivered

- **Therapeutic Outcomes**: Enhanced sensory processing, attention, motor coordination, and emotional engagement through nature-based activities
- **Vocational Readiness**: Structured agricultural tasks building responsibility, confidence, and work orientation
- **Inclusive Infrastructure**: Kudil (therapy space), irrigation systems, accessible sanitation, and operational facilities
- **Sustainability Pathway**: Emerging **surplus-generating program** transitioning towards financial self-reliance

Financial Sustainability (FY 2024–25):

- Income: ₹3,51,493
- Expenses: ₹2,92,574
- **Operational Surplus: ₹58,920**, demonstrating a shift towards a **self-sustaining model**

What Makes This Model Unique

- **Nature as Therapy**: Garden-based sensory integration for cognitive and motor development
- **Structured yet Joyful Learning**: Activities perceived as play, ensuring high participation
- **Inclusive Design**: Adapted for intellectual and locomotor disabilities
- **Community-Driven**: Built through collective ownership and participation.

Institutional Strengthening (2024–25)

- Strengthened **operational systems and infrastructure**
- Increased **structured engagement and documentation**
- Initiated focus on **management systems, supervision, and evaluation frameworks** for sustainability
- Introduced **basic Monitoring & Evaluation systems** including pre–post intervention tracking, session logs, stakeholder feedback, and annual impact documentation to support evidence-based practice.

Looking Ahead (2025–26 and Beyond)

- Integration with **Early Intervention (EI) services**
- Expansion into **adult rehabilitation and vocational pathways**
- Development of **sensory park and training modules** (including international collaboration potential)
- Scaling into a **Centre of Excellence model for nature-based rehabilitation**
- Strengthening **agri-based revenue streams and nursery development**
- **Projected Annual Reach:** 550+ beneficiaries including children with intellectual disabilities, individuals with spinal cord injuries, youth with developmental needs, and students through inclusive exposure programmes
- Positioning as a **replicable demonstration model** for inclusive rehabilitation across special schools, community spaces, and public infrastructure systems
- Planned development of **innovative therapeutic environments (including aqua-based and sensory-integrated interventions)** to further enhance rehabilitation outcomes.

The Rehab Orchard stands as a **living model of dignity, inclusion, and capability-building**, where rehabilitation transcends clinical boundaries and becomes a **holistic, community-driven experience**. With continued stewardship and system strengthening, it is poised to create **sustainable, scalable impact** for persons with disabilities.

1.1.9 Amar Para Sports

Empowering Athletes Beyond Boundaries

The Amar Para Sports Department, an out-of-the-box initiative by Amar Seva Sangam, was inaugurated on 25 August 2024 during the SCI Get-Together event, in the presence of Mr. A.K. Kamal Kishore, IAS, District Collector, Tenkasi. The event was graced by Shri S. Ramakrishnan, Founder Chairman & President, Amar Seva Sangam.

This initiative was spearheaded by our Secretary, Shri S. Sankara Raman (Promoter, Co-Chairman & Secretary, Amar Seva Sangam), marking the beginning of a dedicated platform for structured sports training and competitive opportunities for persons with disabilities (PWDs).

Over the period April 2024 to October 2025, the department trained 195 participants across 7 disability categories including SCI–Paraplegia, Cerebral Palsy, Intellectual Disability, Polio, and Locomotor Disability through 11 structured batches running 6 days a week.

The department offers 20+ para sports including Wheelchair Cricket, Boccia, Para Taekwondo, Javelin, Wheelchair Basketball, Table Tennis, and Abilympics vocational skills. Participants have represented Amar Seva Sangam at district, state, and national levels, winning Gold, Silver, and Bronze medals at the South Zone Regional Abilympics, competing in the 11th National Abilympics Competition, and participating in the nationally recognized Amar Seva–Alagappa Trophy Wheelchair Cricket Series 2024.

Training is conducted in close partnership with IIT Madras, with regular coaching camps for SCI and Cerebral Palsy participants. A newly commissioned 2-court indoor badminton stadium marks a major infrastructure milestone, set to serve as a hub for Para Badminton training going forward.

1.2. Vocational Training

Apart from rehabilitation activities, Amar Seva Sangam also provides Vocational Training in Tailoring, Handicrafts, toy making, Note-book making and book binding, Typewriting and Advanced Computer Training for the youth trainee students with disabilities. Many trained youths have been selected and employed by leading software and other manufacturing companies and are getting good salaries.

1.2.1. Tailoring / Handicrafts/ Notebook making and Binding

The Tailoring section was started in 1999 with only four physically challenged students. Till 2006 this section was only a tailoring training center and by the initiative of former Executive Committee Member Late Dr. S.Sumathi, the section started to provide training in handicrafts making to the students making toys, artificial jewellery, painting on fabrics, ceramics, sarees, glasses, stoneware and other items. The center is always upgrading its quality and bringing out innovative designs which are always in good demand.

This center prepares all the mementos that the Sangam presents to various visitors besides meeting orders of the visitors who are impressed by our work. It may be mentioned here that staff well versed in handicrafts are very few in number. We intend taking aggressive marketing steps to boost up our sales of handicrafts/ toys.

DETAILS OF TRAINEES

		Students with disabilities	Other Students	Students with disabilities	Other Students	
1.	Tailoring	18	17	7	31	1094
2.	Handwork	10	0	8	7	393
Total		**28**	**17**	**15**	15	**1487**

1.2.2. Typewriting Centre:

Typewriting center provides training to rural poor and physically challenged students to get employable skills. The Tamil Nadu Government conducts examinations twice a year. The Government of Tamil Nadu had made it obligatory that passing the senior grade typing examination is necessary for data entry jobs both in Government and private sectors. Due to this Government regulation, many data entry aspirants nowadays join the typing classes. It has been observed that the students approaching the typing center are keen to learn typing both in English and Tamil.

In addition to the typewriting training, the center provides training to appear for the examination in Computer Office Automation conducted by the Technical Education Department of Tamil Nadu. This certificate is mandatory for the jobs like Junior Assistant, Data Entry Operator, etc. in Govt. of Tamil Nadu.

Details	Students appeared for Exam 2024–2025		Cumulative till March 2025		
	Students with disabilities	Other students	Students with disabilities	Other students	Total
Junior (English & Tamil)	7	18	327	341	668
Senior (English & Tamil)	2	28	180	241	421
Total	**9**	**46**	**507**	**582**	**1089**

Success Story:

We want to register the success story of Mrs. Arockiya panimary, who joined our Amar Sev a Type-writing Institute, and who was a regular and hardworking student. She got through her English junior with distinction in First class. She scored Distinction in Tamil typing junior. Proud to mention that she was appointed as the admin assistant in the Speed team group of Company, Elathur,Tenkasi immediately after her success in the examination. Presently she, with her monthly emolument of Rs. 10000/- is the sole bread winner of her family. The poor family has come out of their tribulations because of this successful technician moulded in Amar seva Type- writing Institute.

1.2.3. Computer / Information Technology

The Sri Sathya Sai Institute of Computer Education & Training was established on December-1995, which provides training to the students with disabilities under inclusive atmosphere. Many donors like Microsoft, Infosys, Cognizant Technologies helped us with their funding to set up a Computer Lab in our campus where courses of P.A.C. Ramasamy Raja Polytechnic College, Rajapalayam, State project Co-ordination unit, Chennai and Canada-India Institutional Co-operation Project, under Directorate of Technical Education, Chennai and a few other Certificate courses are conducted. Guru Kirupa Foundation, USA and Antrix Project are the major supporter for this project.

The following table shows the various courses offered and students enrolled for the new courses during the year.

S.No	Courses	1996 to 2024 Cumulative	2024-25	Cumulative till 31.03.2025
1	MS Office	722	35	765
2	DTP	357	04	361
3	Tally	140	08	148
4	Hardware & Networking	5	0	5
5	Short Term Course	105	18	123
6	CCA-6 Months (DCA/DBA/DEO/Office Automation/Auto CA/BCP/Fox Pro/'C' Programming since 2012)	424	5	429
7	CCA-1 Year (PGDCA Since 2012)	32	0	32
8	Summer Course	1215	44	1259
	Total	**3000**	**114**	**3122**

Note: 40 Differently Abled students successfully completed out of 114

Success Story

Mr. MOHAMMED FAIZAL M: An unemployed youth, after completing his 12th standard was idle and discouraged by others for wasting time, without any knowledge. Then he came to know about our Amar Seva Sangam's Sri Sathya Sai Institute of Computer Education and Training. He joined in a 2 Month course MS- Office. He has successfully completed and got the certificate issued by Department of Training and Development, Amar Seva Sangam. Now he is working as a **Trainee Supervisor at the Indian Airport Cargo in Bangalore, Karnataka** and getting monthly salary of Rs. 15,000 and supporting his family. Due to this positive change, his family is a happy unit.

Mrs.ABITHAL BARVEENS: An unemployed woman, after completing her Bachelor Degree in Science and she was idle and discouraged by others. She came to know about our Amar Seva Sangam's Sri Sathya Sai Institute of Computer Education and Training. She joined in a 2 month course MS- Office. She has successfully completed and got the certificate issued by Department of Training and Development, Amar Seva Sangam. Now she is working from Home as **Voice over Artist at the ATM Publications – Chennai.** Now she is getting monthly salary of Rs. 10,000 and supporting her family. On account of the positive change in her, her family is now a happy unit.

1.2.4. Other Training Programs

The courses conducted at our Sangam as an extension centre by various Polytechnic Institutions viz., Arasan Ganesan, Sivakasi (Screen printing), MSPVL, Pavurchatram (Domestic Appliance Service and Motor Coil Rewinding Training), PAC Ramasamy Raja, Rajapalayam (Cell Phone Servicing and Gold Appraisal Training), under CDTP (Central Government Community Development Through Polytechnic) scheme. After 2020 Covid-19 pandemic, the Central Government has stopped the funding for the training programs, and the program has been deferred for the time being.

In the meantime, we have been approaching some other polytechnics for starting such courses at our campus.

1.2.5. Amar Seva Saradambal ITI (Industrial Training Institute)

To promote the skill development programs for Persons with Disabilities and Women to achieve the high level quality in skill training with National Standards, with valuable accreditation, to ensure continuity in education and possible employment thereof, Amar Seva Sangam inaugurated Amar Seva Saradambal ITI on 08.10.2019, approved after due diligence and compliance by the National Skill Development Corporation (NSDC) and Ministry of Skill Development and Entrepreneurship (MSDE). The ITI imparts 6 months to one-year skill development programs on Smart phone technician cum App Tester, Cutting and Sewing, Computer Operator and Programming Assistant – COPA (IT &ITES) and Desktop Publishing Operator (IT & ITES) – DTPO. The students are trained in various trades free of cost. They are provided with free Study materials, coaching, Transport, food & accommodation.

Student Strength:

Particulars	COPA	DTPO	C&S	SPAT
Admission during 2023-24	12	7	12	24
Completed 2023-24	11	6	8	23
Admission during 2024-25	12	12	12	24
Completed 2024-25	10	11	7	14

In 2023 – 2024 batch, one of our students got National Level Ranking in Divyang category ALL INDIA TRADE TEST and he was awarded by Chief Minster Mr. M.K.STALIN, AVL.

1.3. Education

Education empowers people and makes them lead a quality life and many of the rural children in and around ASSA were made to get the benefit of education by our initiative of starting schools in our premises. Unlike the urban schools, the normal children pay a nominal annual school fees while it is free education for the students with disabilities. The integration of these children in our school helps them to understand each other's needs in a better way.

1.3.1. Nursery, Primary and Higher Sec. Schools

The nursery school was set up in 1981 and upgraded to middle school in 1991. The 15th batch of 10th standard students appeared for the public SSLC examination in March 2025. We are pleased to record the result of 96 percent success, with the first, second and third rank students obtaining marks 470/500, 456/500 and 449/500 respectively. We are proud to mention that our Home students P. Sudalai Karthick secured 368/500, S. Beula secured 272/500, R. Petchiammal secured 257/500, L.Mariselvam secured 359/500, G.Karthiga secured 310/500, N.Alagu Athiraman secured 303/500, A.Nagulasri secured 278/500, S.Siva Subramanian 277/500. Our Sangamam Special Students M.Muhamed Aslam secured 312/500, M.Saisankar secured 288/500, J.Suji secured 288/500, M.Abish secured 269/500

The 9th batch of 12th Standard students had secured 91 percent success in their exams in March 2025. The first three toppers scored 535/600, 514/600 and 511/600 respectively. We are proud to mention that our Home students, V. Esakkiappa secured 514/600, Esakkimuthu secured 456/600, Y. Utha secured 416/600.

The results of SSLC and Plus Two are very encouraging to all, especially to the students. We record our appreciation to the hard, dedicated work of all Teachers of the schools for this continuous success.

- Siva Saraswathi Vidyalaya School has spacious and well ventilated classrooms; playground, computer lab and library. The existing Play school is very much enjoyed by Nursery students. Our school classrooms are designed to make them motivated to come to school.
- School sanitation and hygiene education is globally recognised as a key intervention to promote children's right to health and clean environment. We have spacious and well ventilated classrooms with natural light that provide a conducive environment for learning and also we have bright, well ventilated and hygienic toilets. Recently we added bathroom sponsored by Seshasayee Paper and Boards Limited and Repco Home Finance, Chennai (for both Primary and Higher Secondary Schools).
- Children use the playground to play games like cricket, football, kho-kho, volleyball, throw ball, kabbadi, etc. which help them to be fit & healthy.
- Basic computer skills are essential for primary school students, as they enhance the learning experience and build a strong foundation for academic and personal growth in a digital world. So we introduced computer classes in primary from 2024 onwards.

- ❖ Installing TV in the classroom can enhance visual learning. Visual learning through TV and digital resources can be more effective than traditional reading and writing methods. Using TV tools in the classroom can make learning more interactive and fun.

- ❖ We have a library with more than 7000 books. Students can use books from the library for reference to score more marks in public examinations. Our Students have the capacity to select their subjects for pursuing their higher studies.
- ❖ Inclusion in education brings all students together in one classroom regardless of their psychological & physical strengths. Qualified teachers are appointed for teaching special children.
- ❖ Many special children scored good marks in X and XII standards. Centum result was achieved in 10th, 11th and 12th standard annual examinations conducted by Tamil Nadu Government.
- ❖ Extracurricular activities like Yoga, karate, meditation, bharatanatyam, school band are also provided to our students. Every year we are getting district level prizes in sports. Some of our students are also participating in national level yoga & chess competitions.
- ❖ Our students are also involved in Scout & Guide activities and won "Rajya Puraskar" award by the Governor of Tamil Nadu right from the year 2014.
- ❖ We also have club activities like Eco club, Science Club, English Club, Maths Club and GK Club etc. Our students take active participation in various competitions organized by other schools and win many prizes.

1.3.4. Sivasankari Public Library

We have a Library with good collection of books for the children and elders in our campus.

S.No.	Particulars	2023-2024	2024-2025
1	Books in the library	385	539
2	Membership	167	162
3	No. of persons utilized our library	2115	1928

1.3.5. Education for Empowerment

As part of our educational initiatives we have,

1. Special Study Center for Manonmanium Sundaranar University and Alagappa University for distance education.
2. Tie up with Rehabilitation Council of India for the rehabilitation of the persons with disabilities.

The purposes of the above programs are:

- To educationally empower the persons with disabilities in an integrated environment.
- To offer skill development opportunities.
- To identify and develop persons with entrepreneurial aptitudes and social orientations with capacity building inputs.
- To build capacities in persons already engaged in social sectors and to bring out educated and empowered people – both persons with disabilities and without disabilities for the benefit of society.

1.3.5.1. Alagappa University Study Centre

We have started the Alagappa University Study Centre in 2008. Since the courses are in Tamil language students who have undergone their school studies in Tamil medium would show interest in joining Alagappa Study Centre and pursue their higher studies.

This university provides special offers to the Students with Disabilities to pursue their graduation free of cost. They can do multiple courses as they wish after completing each course. This is highly appreciated and the service users of Amar Seva Sangam are using this facility. The enrolment position for the year 2024–25 is given below.

S.No	Stages	2023-24	2024-25
1	Number of students at the beginning of the Year	248	241
2	Additions during the year	21	49
3	Number of students who completed the course	24	42
4	Drop-outs Students	4	3
Number of students on roll		**241**	**245**

* Note: When the university prescribes a time period for completion of a course and if a student does not take up the examination in a particular year; but may appear for the same in the subsequent years (within the time period) we categorize those students under discontinued.

1.3.5.2. Manonmaniam Sundaranar University DAC

Amar Seva Sangam undertakes rehabilitation schemes to promote the PwDs of the rural areas through various skill development training programmes, enabling their educational development and supplying the required tools and equipments to the entrepreneurs. To facilitate the rural students to pursue their graduation and post-graduation courses in the campus of Amar Seva Sangam itself, we established of Manonmaniam Sundharanar University's Distance Education Study Center from 2023. This university provides special offers to the Students with Disabilities to pursue their graduation, free of cost.

S.No	Stages	2023-24	2024-25
1	Number of students at the beginning of the Year	0	68
2	Additions during the year	68	116
3	Number of students who completed the course	0	0
4	Drop-outs Students	0	5
Number of students on roll		**68**	**179**

Success Story

Geetharani, a student from Mukoodal village, is differently-abled. After completing her BA in Tamil, she worked as an assistant teacher at a private school. In 2022, she joined our distance-learning center to pursue an MSW (Master of Social Work) degree.

As a disabled student, Geetharani studied for her master's degree free of charge—she paid no tuition fees. She successfully completed the MSW in 2024. After graduating, she began working on a Tamil Nadu government project. With a monthly salary of ₹24,000, she has significantly improved her family's livelihood. Today, Geetharani and her family enjoy a much happier and more secure life.

Mr. Chinna Esakki Suresh G, a differently abled student from Tenkasi, enrolled in our Alagappa Distance Learning Center for a B.C.A. degree in 2021. Despite losing his left hand, he demonstrated remarkable determination and resilience throughout his academic journey. He successfully completed his BCA degree in 2024 with 100% tuition support, reflecting his dedication and our institution's commitment to inclusive education. Upon graduation, Isakki secured employment in the billing department at MA Gold Jewellers in Tenkasi, where he earns a monthly income of ₹18,000. This opportunity has significantly boosted his self-confidence and improved his standard of living. With his contribution, his family's financial situation has also improved, enabling them to lead a more comfortable life. Isakki's story stands as a testament to perseverance, empowerment through education, and the impact of supportive learning environments.

1.3.5.3. Amar Institute of Rehabilitation Science:

On identifying the needs for Rehabilitation programs, Amar Seva Sangam established Amar Institute of Rehabilitation Science, with due approval from Rehabilitation Council of India (RCI), New Delhi, under the aegis of which, we are conducting the following Courses on rehabilitation from September 2012 aimed at developing skilled personnel to work at the community level. After completing the courses, young men and women can start rehabilitation services, especially in the rural, tribal areas and also in urban impoverished areas. Furthermore, this service oriented theoretical and practical courses will provide career opportunities to the needy persons.

We have received approval from RCI for running the following 2 courses.

1. DECSE (MR) - Diploma in Early Childhood Special Education (ID) – 1 year
2. CCCG – Certificate Course in Care Giving - 1 year

Courses covered

Courses	Till 2023-24	2024-25	Cumulative
Admission in DECSE(ID)	19	18	37
Admission in CCCG	01	01	02
Total	**20**	**19**	**39**
Passed out in DECSE(ID)	19	18	37
Passed out in CCCG	1	1	02
Total	**20**	**19**	**39**

In the academic year 2023-24, out of 18 students who completed the Diploma course in DECSE (ID), 8 students have been absorbed by Amar Seva Sangam and appointed to work in various Blocks of our Tenkasi District. One student is working as a special educator in Sapathagiri Special School at Virudhunagar. 2 CCCG course students are working as caregivers in PMRC center at Amar Seva Sangam.

Success story:

Mr. Ulaganathan, after completing his M.E., worked in a senior position at a well-known company in Abu Dhabi. Upon retiring at the age of 65, he learned about the Early Childhood Special Education program for children with intellectual disabilities (DECSE(ID)) offered by Amar Seva Sangam, which is recognized by the Rehabilitation Council of India (RCI). In 2023, he decided to enroll in this course.

He has a daughter and a son, who is 28 years old, has autism. Motivated by the desire to help children facing similar challenges as his son, Mr. Ulaganathan established **Shyam Special School** in honor of his son. The school now provides education and support to more than 30 children with intellectual disabilities.

In the final exams held in July 2024, Mr. Ulaganathan was recognized as the top student in India, proving that age is no barrier to learning. His journey not only highlights his dedication but also serves as an inspiration to other parents of children with disabilities, showing that with determination, one can make a meaningful impact at any stage of life.

2. Village Based Rehabilitation Initiatives (VBRI)

Message from the Program Head

The **Village-Based Rehabilitation Initiative (VBRI)**, particularly the **Early Intervention program**, has been one of the flagship initiatives of Amar Seva Sangam. Drawing from years of consistent and community-rooted implementation across three districts, we have developed a structured, scalable, and replicable model to support children with developmental delays and disabilities.

We are proud to share that this model has been recognized and adopted by the Government of Tamil Nadu as the RIGHTS Project: Inclusion, Accessibility & Opportunities for the Differently Abled in Tamil Nadu, now being rolled out state-wide.

With the generous support of our philanthropic partners, we successfully implemented our VBRI –Early intervention and child rehab model for over a decade, reaching thousands of children and families up to August 2024. As a strategic partner to the Tamil Nadu Government, we were entrusted with implementing the RIGHTS program across **four districts**—Tenkasi, Thoothukudi, Chennai, and Tiruvallur.
With the launch of RIGHTS, we have transitioned our home-based services to the government from Sep, 2024 while continuing **centre-based interventions** for children who need specialized care. This year marks a major milestone in our advocacy journey and reaffirms our commitment to innovation and inclusion in childhood rehabilitation. We remain focused on deepening our impact, improving outcomes for children, and supporting the long-term sustainability of inclusive community-based rehabilitation across the country.

A. ***Type of services***

1. **Early Intervention Services** – For children from **birth to 12 years**, focusing on developmental delays and disabilities
2. **Continuous Rehabilitation Services for school going children**– Supporting children with disabilities aged **12 to 18 years** in education, life skills, and transition planning

3. **Parents Managed Respite Care for children and adults with developmental disabilities requiring high support aged 7 to 40 years**, promoting independent living skills, vocational skill development and livelihood opportunities

These programs are being implemented across **Tenkasi district** ensuring that children and youth with disabilities receive **holistic, lifelong support** within their own communities.

2.1 Early Intervention Program (VBRI-EI)

This program is delivered through a **dual-model approach**—home-based and centre-based—to meet the diverse needs of children and families in rural and remote areas.

Key achievements

- **Developmental Screening:**

A total of **8,673 children** were screened for developmental delays through community outreach and awareness activities.

- **Children Enrolled in EI Services:**

1,297 children identified with developmental delays received structured early intervention services. 1056 children were enrolled in home based services and **241 children** were receiving services through our strategically located outreach centres.

- **Therapy Services Delivered**

  We have given a huge number of therapeutic session to our services users.

  Home-Based Program:

  - **3,648 sessions** by Community Rehabilitation Workers
  - **3,774 sessions** by Rehabilitation Professionals

  Centre-Based Program:

  - **3,597 sessions** by Community Rehabilitation Workers
  - **3,413 sessions** by Rehabilitation Professionals

- **Parental Empowerment and Advocacy**

  Recognizing the importance of family involvement, we facilitated the formation of **15 Parents' Advocacy Groups**, reaching **252 parents**. These groups have served as platforms for awareness, peer support, and capacity building, empowering families to advocate for their children's rights and needs in the community.

- **Impact and Outcomes**

  72% of children in the program have shown **measurable progress** in key developmental domains such as:

  - **Motor skills**
  - **Communication abilities**
  - **School readiness and educational participation**
  - **Functional independence**
  - **Progress report**

2.2 VBRI -School Age Program

This program supports the **educational inclusion and continued rehabilitation** of children with disabilities as they transition into and through school. The services are given either at school where the children are studying or at their home.

- Children who are enrolled in school receive services **at school**, supporting them in classroom participation and learning.
- Children not yet in school continue to receive **home-based rehabilitation** until they are ready for inclusion.
- CRWs and Rehab professionals are engaged similar to early intervention program. But the focus of the program is inclusive education
- **Types of Interventions Provided are**

  ✓ **Self-Care Training**
  ✓ **Mobility and Orientation Training**
  ✓ **Functional Education**
  ✓ **Provision and Adaptation of Assistive Devices**
  ✓ **Special Education Support** aligned with school curriculum

<u>Key achievements</u>

A total of **381 children** were supported through the child rehabilitation programs

- **Home/School-Based Program:**
  - **3,755 sessions** conducted by **Community Rehabilitation Workers (CRWs)**
  - **3,034 sessions** conducted by **Rehabilitation Professionals**

- **73%** of eligible children in the **school-age program** were **actively attending mainstream schools**, reflecting progress in promoting inclusive education and school readiness.

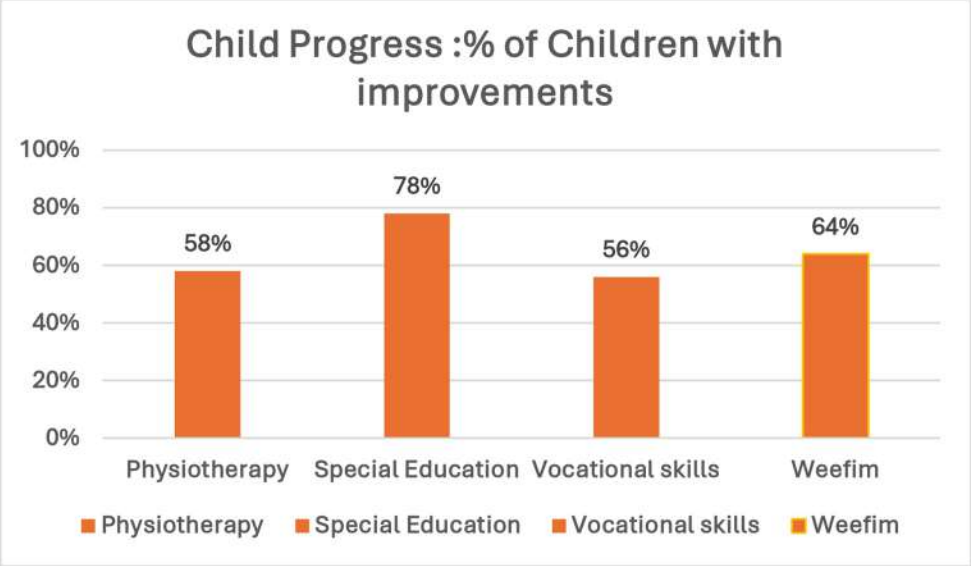

2.3 Parents Managed Respite Care Centres (PMRCs)

- These are **community-managed day care centres** for children with high support needs.
- PMRCs are **partially supported by parents** and technically and financially supported by Amar Seva Sangam.
- **ASSA's Contributions Include:**
  - Professional guidance and rehabilitation support
  - Capacity-building for parent leaders
  - Financial assistance for sustaining services
- **Vocational Training Program (18+ Years)**: This program is designed to provide **meaningful engagement and income-generating skills** to adults with **intellectual and developmental disabilities.**

- **Vocational Activities Include:**
  - Tailoring
  - Doormat making
  - Garland (lantern) making
  - Gardening
  - Phone mat making
  - Bamboo basket making
  - Phenol and liquid cleaner production
  - Packing and sorting waste cloth materials

A. Key achievements

- **63 children** accessed services through **Parents Managed Respite Centres (PMRCs)**.
- **66 adults** with intellectual and developmental disabilities were enrolled in **vocational training programs**.
- The value of Rs. 51886 Products were sold and Rs.25943 is distributed as stipend for students in VTC
- **Therapy Sessions Delivered:**
  - **Centre-Based Program:**
    - **13399 sessions** conducted by **Centre Teachers**
    - **1811 sessions** conducted by **Rehabilitation Professionals**
  - **Home-Based Program:**
    - **3225 sessions** conducted by **Home-based Teachers**
    - **2497 sessions** conducted by **Rehabilitation Professionals**

B. ***Enabling Inclusion® App:***

All the activities of the program, child documentation and progress are tracked using the **GPRS-enabled Enabling Inclusion® App**, ensuring transparency, monitoring, and data-driven decisions.

C. ***Community and Stakeholder Engagement***

At Amar Seva Sangam, we believe that **social inclusion of children and adults with disabilities** goes beyond therapeutic interventions—it requires the **removal of social and attitudinal barriers** that limit participation and opportunity.

One of the most persistent barriers is **negative perception**—where children with disabilities are often viewed as unproductive or incapable. To challenge this mindset and foster a culture of **equality, respect, and justice**, we conduct **regular community awareness programs** that highlight the abilities and potential of children with disabilities.

Community Awareness and Inclusion Efforts

- In this reporting year, we organized **23 awareness programs** targeting diverse groups within the community—parents, local leaders, youth, and service providers.
- These sessions reached a total of **568 individuals**, promoting inclusive attitudes and strengthening community support for persons with disabilities.

D. ***Staff Capacity Building***

Continuous professional development is essential for ensuring the quality and consistency of our services. This year, we focused **on refresher and on-the-job training programs** for key staff involved in direct service delivery:

- **24 Centre-Based Teachers**
- **7 Physiotherapists**
- **10 Special Educators**

These training programs are designed to update knowledge, strengthen field-based skills, and reinforce the rights-based, family-centered approach at the heart of our rehabilitation model.

E. ***Acknowledgements***

We take this opportunity to express our sincere gratitude to all individuals and organizations whose support, guidance and partnership have been instrumental in the success of our Village-Based Rehabilitation and Early Intervention programs.

- Our heartfelt thanks to our funding partners — **Azim Premji Foundation, Standard Chartered Bank Global Business Services CSR Project** and **Philanthropist Mr. Kalraman** — for their generous financial support and trust in our mission.
- We extend special appreciation to **Handi-Care International** for their unwavering support, particularly for sponsoring **assistive devices** and for establishing the **sensory garden** within the Amar Seva Sangam campus.
- We are deeply grateful to **Dr. Dinesh Krishna** for his continued guidance and regular monitoring of our program activities, which have helped to ensure quality and accountability.
- Our sincere thanks to **Dr. Geetha**, DEIC In-Charge, Tenkasi, for her consistent efforts in referring children in need of early intervention to our program.
- We are especially thankful to **Mr. Sankara Raman for his** committed mentorship and leadership in shaping the direction of our work.
- Finally, we extend our deepest appreciation to the **parents and caregivers** who place their trust in us, actively participate in their child's development, and remain central to the success of our community-based model.

Together, we continue building a more inclusive and empowering future for children with disabilities and their families.

2.4. Scale up Home Based Early Intervention Program in 3 District

INTRODUCTION

In India, people with disability, particularly children with delayed development, are extremely marginalized. In Tamil Nadu, 45% of children with disabilities do not attend school, compared to 3% of all children in India. Early intervention and child rehab have been proven particularly effective for children with or at the risk of developmental delays including increasing their educational and developmental gains. Unfortunately, rehab remains inaccessible for most children in rural communities; the top three documented barriers are lack of rehab specialists, lack of services and difficulty going to therapy centres (due to cost and long travel time). These barriers have contributed to a substantial treatment gap with only 15% of children with delayed development in the State having access to therapy in any form.

With support from the Tamil Nadu Government, Grand Challenges Canada (GCC), Handi-Care International, Canada, Redington Foundation, DSV global transport and logistics grants, the team at Amar Seva Sangam (ASSA) sought to bridge the gap in access to services among this highly vulnerable group by creating the Enabling Inclusion® model where HOME-BASED services are provided to children with disabilities and their families. Services are provided by community rehabilitation workers (CRWs) supported by rehabilitation specialists (physiotherapists, special educators and speech trainers) through the use of the Enabling Inclusion® app. This mobile and web-based app has allowed ASSA to offer Early Intervention and child rehab services to children with delayed development who would not otherwise be able to access care. The Enabling Inclusion® app allows workers to screen children for disabilities, conduct standardized developmental evaluations and plan therapy interventions and has scheduling, monitoring and evaluation features. This model has proven effective at providing those with no access to services with specialized treatment for developmental delay in their own homes, reducing the barriers to access due to cost, long travel time, limited services and limited rehab specialists.

PAST YEAR ACTIVITIES

Home-based Early Intervention for Children with Developmental Delays Amar Seva Sangam officially launched its home-based early intervention program for children with developmental delays in October 2020, across **23 blocks of Tirunelveli, Thoothukudi, and Tenkasi districts,** with the support of the Government of Tamil Nadu and Grand Challenges Canada. Since September 2021, Amar Seva Sangam has been implementing the program with additional support from Handi-Care International Canada, Redington Foundation, DSV Global Transport & Logistics and NSIL (NewSpace India Limited).

The program follows a structured protocol that includes screening, enrolling children, conducting assessments and evaluations and delivering planned therapy visits using the **Enabling Inclusion®** application.

During the year 2023–2024, a total of **2,265 service users** benefited from therapy visits provided by Community Rehabilitation Workers and specialists. In total, **70,696 home-based therapy visits** were delivered. Additionally, **22,206 children** were screened and **21,053 community members** were sensitized through awareness programs, resulting in an estimated **45% increase in knowledge** about developmental delays and early intervention.

IDENTIFICATION OF CHILDREN WITH DEVELOPMENTAL DELAYS

Early screening for disabilities can significantly improve access to services and support systems, thereby enhancing children's learning and development, minimizing developmental delays, and leading to better outcomes in both school and life. Screening is a key component of preventive childcare, aimed at the early identification and referral of infants and children in need of early intervention and rehabilitation.

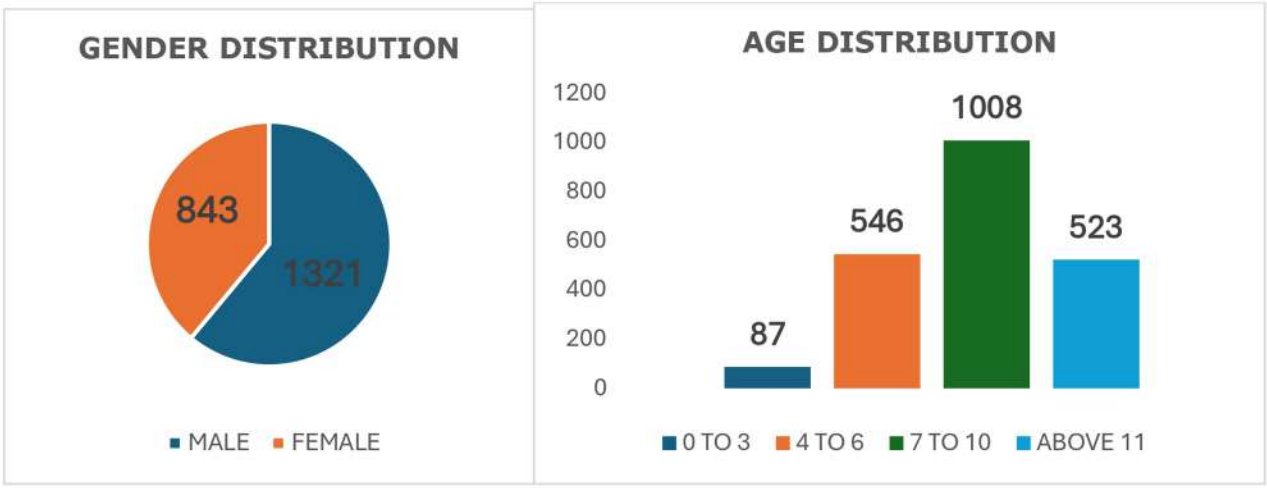

To facilitate this process, the **Enabling Inclusion® (EI®) app** was enhanced with two screening tools: the **Trivandrum Developmental Screening Chart** and the **UNICEF/Washington Group Module**, which were used by Amar Seva Sangam service providers to identify children with developmental delays. Community Rehabilitation Workers and Rehabilitation Specialists conducted formal screening programs at Anganwadi centres, pre-schools, schools, primary health centres, sub-centres and through door-to-door visits.

In the year **2024–2025**, a total of **106 children (aged birth to 12 years)** with developmental delays were identified, enrolled in the program and assessed for their basic demographic details. **A total of 19,720 children** were screened during this period.

ENROLLMENT & THERAPUTIC INTERVENTION.

Following the completion of screening, **2,164 children** were enrolled in the program by Community Rehabilitation Workers (CRWs) using the **General Assessment** feature of the **Enabling Inclusion®** app. This assessment has been updated to align with the **World Health Organization's International Classification of Functioning, Disability and Health (ICF) model**.

The General Assessment captures the child's developmental history, identifies the primary and associated impairments through structured interviews with parents, and highlights the child's strengths as well as the family's goals. This comprehensive approach ensures that therapy is tailored to the individual needs of the children and their family.

VISIT COMPLIANCE

Each child enrolled in the program receives **a minimum of two therapy sessions per month** from Community Rehabilitation Workers (CRWs) and **one monthly visit** from a rehabilitation specialist, depending on the specific domains of developmental delay.

In this reporting year, we implemented a **hybrid model for therapy follow-ups**, wherein one specialist provides therapy sessions to children in **two blocks**, alternating every two weeks. This model was introduced to manage time and financial resources efficiently, while still ensuring the delivery of high-quality rehabilitation services to children. It has significantly strengthened our community-based rehabilitation efforts and contributed to a reduction in the dropout rate caused by lack of access to specialists.

Additionally, the team of specialists and CRWs provide **training to parents and caregivers**, equipping them with the skills and confidence needed to continue therapy at home and effectively support their children's development.

"Visits" are defined as the number of times a CRW visits a child for therapy purposes. These visits are tracked through the **Enabling Inclusion® (EI) software**, which includes a **GPS-enabled check-in and check-out feature** to log the arrival and departure of CRWs and therapists at each child's home.

During the current reporting period, a total of **60,431 therapy visits** were conducted by specialists and CRWs.

Category	No of Therapy visits
CRW's	34,330
SPECIALISTS	26,101

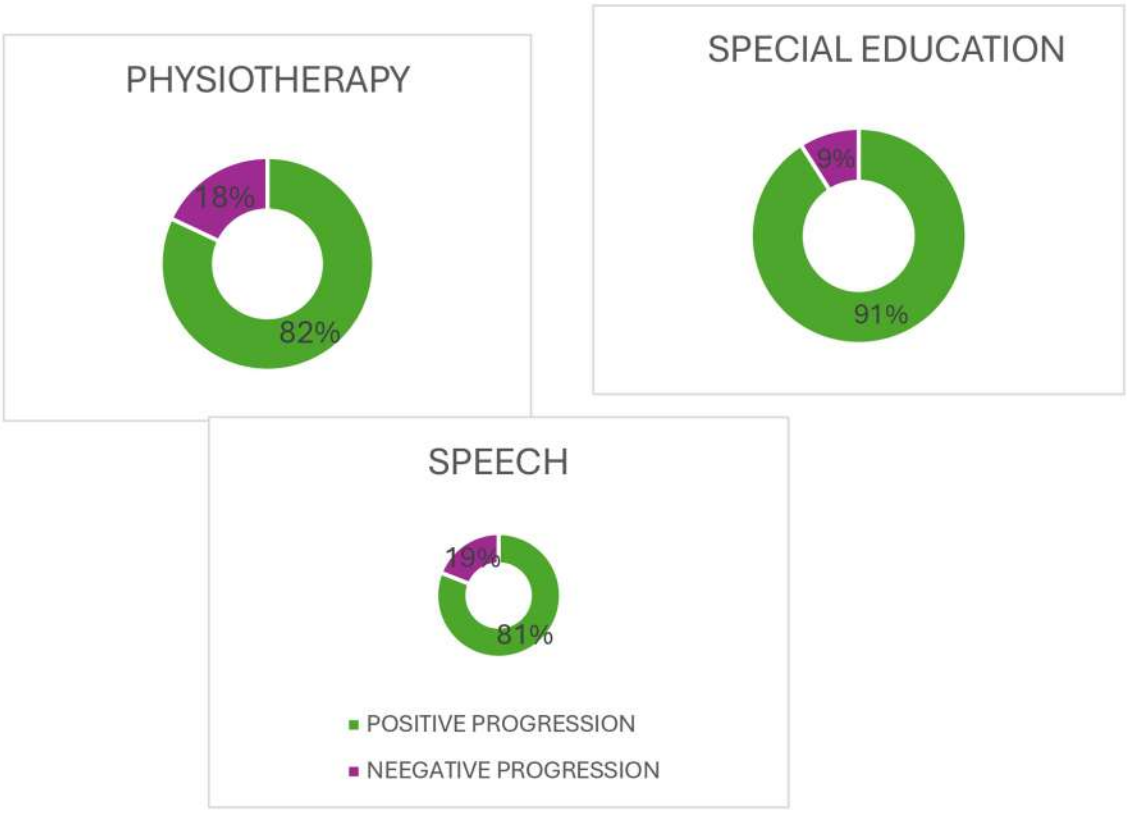

PROGRESSION CHART

Every year, a **re-assessment and evaluation** is conducted by rehabilitation specialists for all service users. This is done to track progress across various developmental domains.
The assessment covers:

- **Motor skills** in the domain of **Physiotherapy**,
- **Cognitive and behavioural activities** in the domain of **Special Education**

- **Hearing, sound production and speech** in the domain of **Speech Therapy**.By comparing each child's previous scores with their current scores in these domains, we are able to evaluate their **improvement or progress** over time. This systematic approach helps in tailoring future therapy plans based on individual development.

AWARENESS PROGRAMS

Awareness programs are conducted by ASSA for the community. Raising awareness of child development will help families look for and observe milestones, help identify delays as early as possible and improve the support available to help children succeed in school and thrive alongside their peers. It helps to reduce the occurrence of developmental disability through education about risk factors such as low birth weight, malnutrition that can affect child development. The awareness also assists to reduce the extent of manifested childhood disability and to prevent or reduce complications of disability (physical and behavioural) that lead to a need for institutionalization. The awareness programs are done at three levels namely women's awareness, student awareness and general community awareness.

COMMUNITY AWARENESS PROGRAMS

We had conducted 259 community awareness camp and we reached 7,093 people through community awareness. The awareness program for the community consists of early identification, preventive measures, early intervention therapy and an inclusive society.

WOMEN'S AWARENESS PROGRAMS

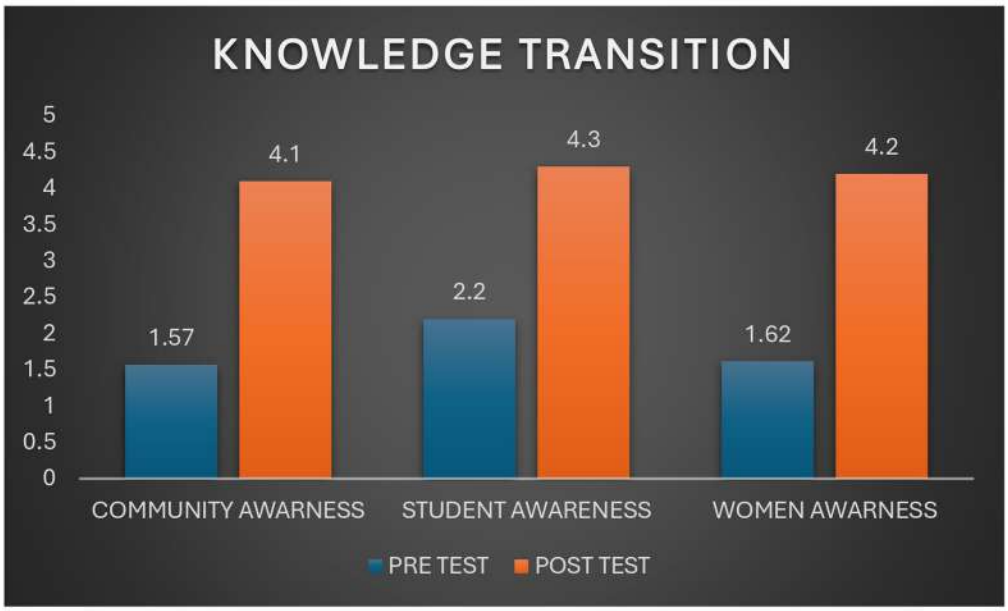

The Women's Awareness Program consists of an educational session for young women and focuses the care and the procedure to be taken from conception to delivery, major factors to be noticed at the time of birth as well as postnatal period and gender-based rights and gender equality. This may lead to prevention of disabilities and assist with early identification of developmental delays. We had conducted 231 women awareness camp and we reached 6,706 women to provide awareness.

SCHOOL AWARENESS PROGRAMS

The Student Group Awareness consists of school and college students and focuses on topics of inclusive education, integration of people with disability into peer groups and gender equality. The awareness program for the community consists of early identification, preventive and curative measure, therapy and trainings and inclusive society. We had conducted 274 Student awareness camps and we reached 7372 Students to provide awareness in this one-year period. The pre and post-test methodology was adapted to assess the change in knowledge and attitudes, pre- and post-awareness program questionnaires in the local Tamil language were administered to participants who participated in the awareness programmes. The change in knowledge and attitudes are recorded as a range of 0 to 5 in EI application.

UDID CARDS

At the baseline enrolment, only 1% of children in the program had Unique Disability Identity Card (UDID) cards. We interviewed the families in the programme and found out that 85% of parents did not know what the benefit was of obtaining a UDID card, 90% did not know how to apply for it and 40% cited that having a UDID card would lead to their child being labelled. We decided to make a concentrated effort to promote obtaining a Unique Disability Identity Card (UDID) for all children in the programme.

During the therapy visits, our CRWs educated parents on the benefits and how to apply for a UDID card and tried to de-stigmatize the process. The CRWs took small groups of parents to the local Department of Welfare of Differently Abled office and helped them fill up the applications and submit them. In this programme **958** are having disability ID cards and out of this 958, 783 Service users are having UDID cards.

CONCLUSION

Amar Seva Sangam launched the TTS-3 Scale-Up Project in October 2020, covering the Kuruvikulam and Melaneelithanallur blocks of Tenkasi, as well as Tirunelveli and Thoothukudi districts. The TTS-3 Scale-Up Project was designed to provide disability-focused service interventions by engaging not only children with disabilities but also their families. Through active parental involvement and capacity-building, the project fostered sustainable treatment outcomes aimed at improving children's daily living skills and increasing their prospects of enrolment in primary education.

In alignment with the Tamil Nadu Government's TN RIGHTS initiative, Amar Seva Sangam (ASSA) expanded its established Enabling Inclusion® model—originally piloted in Tenkasi—to the districts of Tenkasi, Thoothukudi, and Tirunelveli. Under TN RIGHTS, a World Bank-funded, state-wide initiative, ASSA was officially appointed as a Community Service Provider in:

Tenkasi (from September 2024)

Thoothukudi (from February 2025)

Tirunelveli (from May 2025), taking over implementation from a previous community service provider.

2.5 Village Based Rehabilitation – Development program

Under our community-based rehabilitation programs, we involve Persons with Disabilities (PwD) and the community in the rehabilitation process and develop a model whereby they own the responsibilities of rehabilitation, economic development and care giving and take forward the initiatives of the facilitating organization.

- Sensitizing the community, families and persons with disabilities about disabilities.
- Promoting the Self-Help Groups for development and forming Federations – wider level networking.
- Organizing People with Disabilities into Self Help Groups.
- Initiating comprehensive rehabilitation measures.
- Enabling the PWDs to access various government schemes.
- Promoting advocacy work and campaigning for the protection of rights and equal opportunities for PWDs.
- Strengthening human resources for the effective implementation of the process.

The entire activity is managed through periodical co-ordination meetings, planning, budgeting and internally developed reporting systems. Key indicators developed for impact and activity levels are monitored through system of computerized managerial information. Databases have been created for various rehabilitation programs and individualized rehabilitation programs are followed up by the central resource personnel of Amar Seva Sangam and course corrections done wherever required. Vibrant and proactive disabled groups have been developed and parents' associations have been formed. As on date, 8 respite centres have been formed for lifelong care for children with high support needs and 380 Self Help Groups (SHGs) are functioning. Under our VBRI, we cater to the needs of disabled persons in 8 blocks of Tenkasi districts covering nearly 325 villages.

Success Story

Ms. Vaikunda Kala, a person with a disability due to polio in both legs, is a member of the Melakadaiyanallur Vetrikarangal Special Group for the Differently Abled. She is the second of five daughters in her family. Initially, she used an old sewing machine to stitch clothes for her personal use, as her financial situation was very limited. She shared her challenges with the group and sought assistance from Amar Seva Sangam. In response, with the support of the Seshamma Praphala Trust, she was provided with a new power sewing machine in January 2024 as a donation.

Since receiving the machine, she has been earning an income through tailoring work and has been supporting her parents and family. As of January 2025, she has also been providing sewing training and works as a sewing teacher.

Sewing Machine Distribution

This year, under the guidance of our Sangam, three differently-abled individuals received sewing machines and an overlock machine each, donated through the Seshamma Prapala Trust.

A Measurement camp for artificial limb and other assistive devices was organized by Amar Seva Sangam and the Freedom Trust on 28.06.2025 at Amar Seva Sangam and on 30.06.2025 at the National Engineering College, Kovilpatti. A total of 110 beneficiaries participated in the camp. The distribution of assistive devices took place on 07.08.2025, during which 81 beneficiaries received artificial legs and 24 received other assistive devices.

World Disability Day program

On 28.12.2024, International Day of Persons with Disabilities was Celebrated at Arthi Mahal, Kovilpatti. Around 1,200 persons with disabilities participated in the event. An awareness rally was organized from the Kovilpatti Union Office to Arthi Mahal, which was conducted in a grand manner. The rally was flagged off by DSP Mr. Jegannathan and Block Development Officer Mr. Muthukumar.

The public meeting held at Arthi Mahal was graced by Thoothukudi MP Ms. Kanimozhi Karunanidhi and Minister for Social Welfare and Women Empowerment Mrs. Geetha Jeevan. The event was presided over by Mr. Jegan Periyasamy, Mayor of Thoothukudi. Other dignitaries who participated included Mr. Karunanidhi, Chairman of Kovilpatti Municipality; Mr. K.P.Brammanayagam, Mr. K.R. Arunachalam, Correspondent of KR National College, Kovilpatti; Mr.Hariharan, Tuticorin, along with committee members and staff of Amar Seva Sangam.

The inclusive calendar was released by the chief guests, MP Ms. Kanimozhi and Minister Mrs. Geetha Jeevan. Mr. Hariharan generously donated 25 wheelchairs, which were distributed to the beneficiaries.

Village Based Rehabilitation – Development program

S.No.	Key indicators	Methodology	2023-2024		This Year 2024-25

2.6 Centre of Excellence

Amar Seva Sangam's Centre of Excellence drives innovation, partnerships, and capacity-building in disability and early childhood development. It operates across **seven key departments**:

- **Partnership Development**
- **Training & Capacity Building**
- **Technology**
- **Research**
- **Assistive Technology**
- **Monitoring, Evaluation & Learning (MEL)**
- **Enabling Inclusion® (EI) App Support**

Together, these departments leverage technology and evidence-based practices to strengthen systems and scale inclusive development.

Enabling Inclusion® App & Partnerships (As of March 2025)

Our flagship **Enabling Inclusion® (EI) App** is transforming inclusive rehabilitation:

- **National Adoption:** 24 NGOs across 9 Indian states now use the app, including **5 new partners added in 2024–25** (*ADAPT, Sristi Foundation, Tamahar, Coimbatore Spastic Trust, and Worth Trust*).
- **Institutional Milestone:** Signed a landmark MoU with the **National Institute for the Empowerment of Persons with Intellectual Disabilities (NIEPID)**.
- **Wider Reach:** Integrated across **4 Indian government entities** and **3 international organizations** in Ethiopia.

Key Achievements (2024–25)

- **Training & Capacity Building:** Conducted **56 training programs** over **197 days**, empowering **12,480 participants** (staff, government personnel, NGO partners, educators, and parents).
- **Research & Innovation:** Published **6 research papers** advancing data-driven strategies in community-based rehabilitation and inclusive education.

Cumulative Impact (As of March 2025)

Through direct programs and partner collaborations:

Metric	Total Reach
Children Screened	**380,809**
Children Rehabilitated	**91,082**
Parents Empowered	**103,711**
Community Members Reached	**234,355**
Assistive Devices Prescribed	**2,497**
Stakeholders Trained	**17,524**

Through the Centre of Excellence, Amar Seva Sangam continues to pioneer scalable, sustainable solutions for children with disabilities and their families globally.

.

3. Management Information Systems – MIS

3.1. Management Information Systems:

Amar Seva Sangam (ASSA) has consistently leveraged Information Technology and Management Information Systems (MIS) to strengthen transparency, operational efficiency, accountability, and statutory compliance. As a mission-driven non-profit organisation, the MIS framework supports rehabilitation services, education, donor engagement, and institutional governance, ensuring that technology effectively contributes to the organisation's social impact.

Early Computerisation and Financial Systems

ASSA began computerising its accounting systems in 1993 using EX accounting software, improving financial accuracy and audit preparedness. In 2003, the organisation developed an in-house system titled Financial Accounting for NGO (FANGO), integrating donor management with financial accounting. Between 2007 and 2015, Tally ERP was also implemented to support expanding financial operations.

IT Transformation and Infrastructure

In 2014, ASSA initiated a structured IT Transformation Roadmap to establish an integrated and scalable MIS ecosystem covering finance, procurement, inventory, donor management, and operational processes. As part of infrastructure modernisation, the entire campus network was upgraded to optical fibre connectivity in 2015, significantly improving network speed, reliability, and system stability.

Digital Engagement and ERP Implementation

The organisation strengthened its digital presence through a revamped website in 2015 with a secure online donation platform, significantly increasing digital donor engagement. A comprehensive ERP system titled DOLFIN (Donor Leveraged Financial System) was implemented and went live in February 2017. The system

integrates donor management, financial management, asset accounting, procurement-to-payment processes, and inventory management, enabling real-time access to critical organisational information.

Technology for Programmes and Education

Technology has also been integrated into programme delivery. The mVBRI rehabilitation application was launched in 2015 and migrated to an open-source platform in 2020. A computer laboratory was established at Siva Saraswathi Vidyalaya School in 2016, followed by the implementation of School Age software in 2019 for academic administration. In 2023, a dedicated SHG Management Application was introduced to strengthen monitoring of community programmes.

In-house Applications and Governance Systems

To strengthen internal governance and operational efficiency, several in-house digital applications have been developed, including the Food Amount Management System (2024), Complaint Register (2024), Gate Pass Management System (2025), Inward/Outward Management System (2025), Timesheet Management System (2025), and Appraisal Management System (2025).

Infrastructure and Information Security

ASSA has progressively upgraded its IT infrastructure, increasing internet bandwidth from 12 Mbps in 2016 to 100 Mbps in 2025 with redundant connectivity. Desktop systems and operating environments were upgraded during 2023–2024. The organisation has successfully implemented an Information Security Management System (ISMS) and obtained ISO 27001 certification, reinforcing its commitment to information security, data protection, and strong governance standards.

Conclusion

The evolution of MIS at Amar Seva Sangam reflects a structured and mission-aligned digital transformation journey. Through integrated systems, modern infrastructure, and continuous technological innovation, MIS has become a key pillar supporting transparent governance, efficient service delivery, and long-term institutional sustainability.

.

4. Human Resource Development

4.1. HR Policies:

Amar Seva Sangam believes in employing the physically challenged to the maximum extent possible. We provide ample opportunities to the physically challenged trainees who show keen interest, devotion, commitment and dedication in our endeavour and absorb them as staff of the Sangam.

4.1.1. Staff Composition (Total staff strength - 474)

16	Fear of Failure	24.12.2024	Sri. Viswanathan Ganesan	How to overcome the fear of failure	23	2.hrs
17	POSH Training	14.02.2025	POSH TEAM	POSH Rules and its application at workplace	55	2.hrs

4.1.3 Internal staff meetings

- Section Meetings : **295**
- Section Heads and Dept. Head meetings : **26**
- Central Team meetings : **11**
- All staff meetings : **1**
- ISO MRM Meetings : **04**
- BSI Externameetings : 01

4.1.4 Social Security

Employees' welfare is our prime concern and we take all necessary steps to provide them adequate social security

- PROVIDENT FUND (PF)
- GRATUTITY
- GSLI (Group Savings Life Insurance)
- ESI (Employees State Insurance)
- GROUP INSURANCE
- EDLI (Employees Deposit Linked Insurance)
- PERSONAL ACCIDENT POLICY

4.1.5. Performance Appraisal

ASSA has a three-tier module of Performance appraisal in vogue. Every employee is given targets of deliverables at the beginning of the year with a timeline and at the end of the year same is assessed. After self-appraisal by the employees and reviewed by the section heads, the main appraisal as an interview with the concerned employee by the Executive Committee members headed by Secretary is completed and the result is given to the employee. Based on the result, annual increments are decided on a scale. This appraisal system helps the employees to interact well with the senior Management and understand their strengths and weaknesses. Necessary counselling and training are organized for the employees during the next year.

5. Clinical Placement Program

International Handi-Care Intl.'s Clinical Placement Program:

Handi-Care Intl. (HCI), a Canadian registered charity, has supported Amar Seva Sangam (ASSA) for decades. Since 2006, HCI's International Clinical Placement Program has facilitated affiliation agreements with **11 Canadian universities**, coordinating Master's-level placements for Physiotherapy (PT), Occupational Therapy (OT), and Speech-Language Pathology (SLP) students.

HCI also mobilizes professional volunteers from leading rehabilitation institutions across Canada, the USA, and worldwide to supervise students and build ASSA staff capacity.

Cohort & Clinical Coverage (2024–2025)

During 2024–2025, ASSA hosted a team comprising:

- **7 Occupational Therapy** students
- **4 Physiotherapy** students
- **2 Speech-Language Pathology** students
- **5 Professional Volunteers**

Key Placement Areas:

- In-Patient Spinal Cord Injury Rehabilitation
- Out-Patient Stroke & Neurological Rehabilitation
- Early Intervention Services (Facility-based & Community/Home-based)
- School-Age Child Rehabilitation

Core Activities & Services

- **Orientation & Adaptation:** Training programs ensured clinical practices were culturally adapted to local healthcare needs and resources.
- **Occupational Therapy:** Developed individualized therapy plans to enhance independence and daily living skills for pediatric and spinal cord injury patients.
- **Physiotherapy:** Focused on motor function, mobility, and physical independence for stroke and spinal cord injury recovery.
- **Speech-Language Pathology:** Provided specialized care for communication, speech clarity, and swallowing disorders in pediatric, stroke, and neurological cases.
- **Volunteer Support:** Streamlined operations through administrative assistance, patient activity coordination, and emotional support.

Key Impact

- **Client Care:** Enhanced functional outcomes using evidence-based practices and low-cost, context-appropriate rehabilitation tools.
- **Capacity Building:** Up-skilled local ASSA staff and introduced innovative, culturally tailored therapy solutions.

Student Reflection

"Working with a diverse neurological patient population in a resource-limited setting challenged me to think creatively... it broadened my perspective on global healthcare and reinforced the importance of empathy, adaptability, and cultural humility."

— **Florence Lafleur Gagnon**, PT Student, Sherbrooke University, Canada

Multi-Year Student & Volunteer Placements

Year	No. of Volunteers	No. of students
2015 – 2016	8	15
2016 -2017	7	28
2017-2018	7	25
2018 - 2019	10	21
2019-2020	11	23
2020-2021**(Virtual)**	9	15
2021-2022 **(Virtual)**	5	36
2022 -2023 **(Hybrid)**	1	16 (Virtual) 14 (In person)
2023 -2024	5	20
2024 -2025	5	13

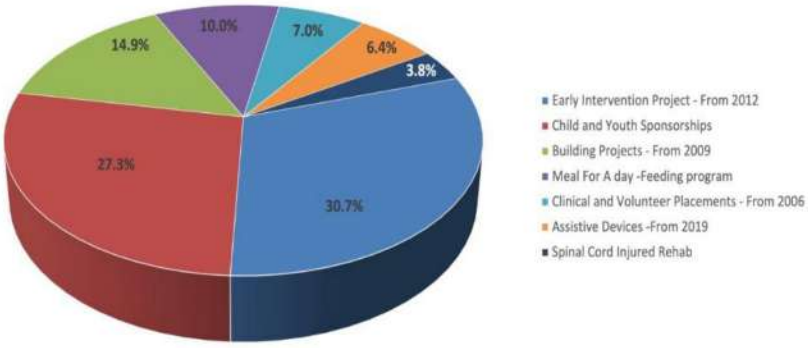

6. Networking of NGO

1. M/s. Krishnamachari Yoga Mandiram, Chennai continue to impart YOGA lessons/techniques to special children, physically challenged Home children and youth trainees.
2. Dr. R. Sundar, Managing Trustee of Freedom Trust and our visiting Doctor from Chennai, continues to extend all help to our Sangam by donating wheelchairs, tricycles and other appliances to the needy who are covered under our various rehabilitation schemes.
3. Gandhigram Trust, Dindigul, is a conglomeration of several benevolent and service units which extends its help and cooperation to us in many ways for our betterment. They hold meeting with us, organize visits and give valuable inputs which have all helped us to carry out our service in a more satisfying and rewarding manner.
4. Redington Foundation, Chennai & Unnati Organization for Development Education, Bangalore are collaborating with us to impart skill development programs viz., soft skill, computer education and spoken English and help the students' job placements as well.

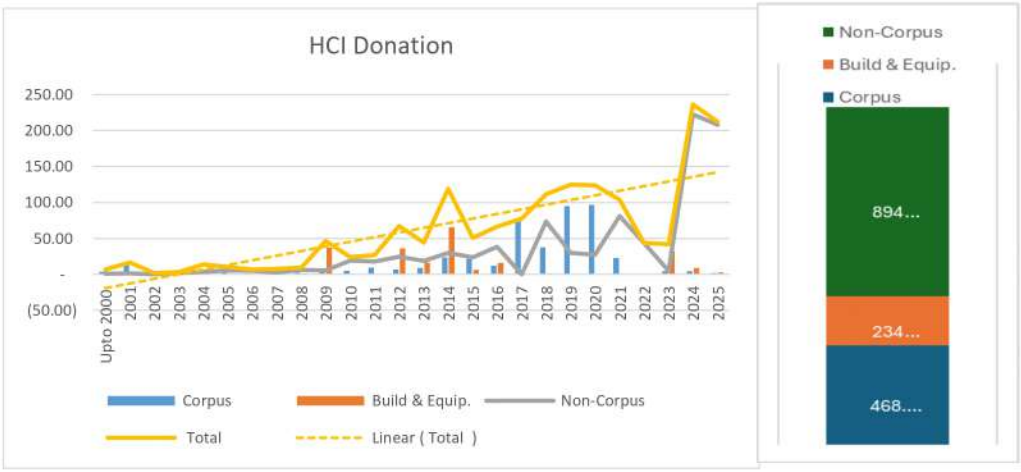

7. Donation and Fund Raising

7.1. Handi-Care Intl., Canada

Rs. 16 Crores are raised and given to ASSA, between 1992 and 2024.
Below is a breakdown of how the funds are utilized by ASSA.

This chart represents the projects that are supported by Handi-care Intl.

Synopsis of 25-Year Funding Data: Handi-Care Intl. (Canada)

Cumulative Contributions (Since 1992)

- **Total Contribution: ₹1,461.06 Lakhs**
- **Non-Corpus Donations:** ₹894.28 Lakhs (61.2%)
- **Corpus Donations:** ₹468.41 Lakhs (32.1%)
- **Build & Equip Donations:** ₹234.79 Lakhs (16.1%)
- **Funding Trend:** Contributions grew significantly after lower figures pre-2000, showing strong overall upward momentum despite minor periodic gaps.

Funding Breakdown & Program Highlights

Program Area	Share	Key Achievements & Scope
1. Early Intervention	**30.7%**	Co-funded award-winning **Enabling Inclusion® App**; **265,735** children screened, **10,243** rehabilitated.
2. Children & Youth Sponsorships	**27.3%**	**1,331** children benefited (**1,211** discharged/graduated); **239** youth trained & employed (**220** actively sponsored).
3. Building Projects	**14.9%**	**₹234.79 Lakhs** donated to construct SCI Center expansion, Sensory Garden (2024), EI Center (2012), Sangamam School (2009), High School expansion, Tailoring & Life Care centers.
4. Daily Meals & Feeding	**10.0%**	Provides daily nutrition to special-needs youth, serving **~255,000 meals annually**.
5. Canadian Clinical Placements	**7.0%**	Funds credit-earning internships for Canadian rehab science graduate students at ASSA *(since 2015)*.
6. Assistive Devices	**6.4%**	Donated **2,689** mobility, posture, and hearing aids to children and youth *(since 2020)*.
7. SCI & Stroke Rehab	**3.8%**	Direct rehab funding, specialized gear (wheelchairs, Roho cushions), and major facility expansions.

7.2 Mr. Kalraman, USA is one of our strong supporters and well-wishers of Amar Seva Sangam.

7.3. Mumbai Marathon 2025

In our concerted efforts to participate in maximum marathon events, this year also we participated in the Tata Mumbai Marathon held in Mumbai on 19.01.2025. We raised funds for our Inclusive Education. The special feature of this event is that our Founder President, Sri S.Ramakrishnan, participated in the event after a long gap. Good number of volunteers, corporate supporters along with our own contingent of Persons with Disabilities took active part in the run. We raised substantial amount of funds through this event.

Year	2014	2015	2016	2017	2018	2019	2020	2023	2024	2025
Rupees in lakhs	47.23	80.33	124.00	126.71	142	113	71.43	39.03	16.17	10.17

7.4. Bangalore TCS World 10K Run 2025

We successfully participated in the TCS 10K Bangalore Run on 28.04.2025, which concluded with participation of 26 people from Amar Sev Sangam and cheered by 30 volunteers / well-wishers. The success of our participation in the TCS 10K Bangalore Run, which could be done only because of the excellent support of volunteers and supporters. We thank all for the support and cooperation.

7.5. Chennai Marathon

The Fresh works Chennai Marathon 2025 held in Chennai on 5th January 2025 was a grand success. Our team of 28 persons with disabilities enthusiastically participated in the 10K Run. There was total appreciation and support from the co-runners, volunteers, organizations and onlookers of the energy level exhibited by our participants.

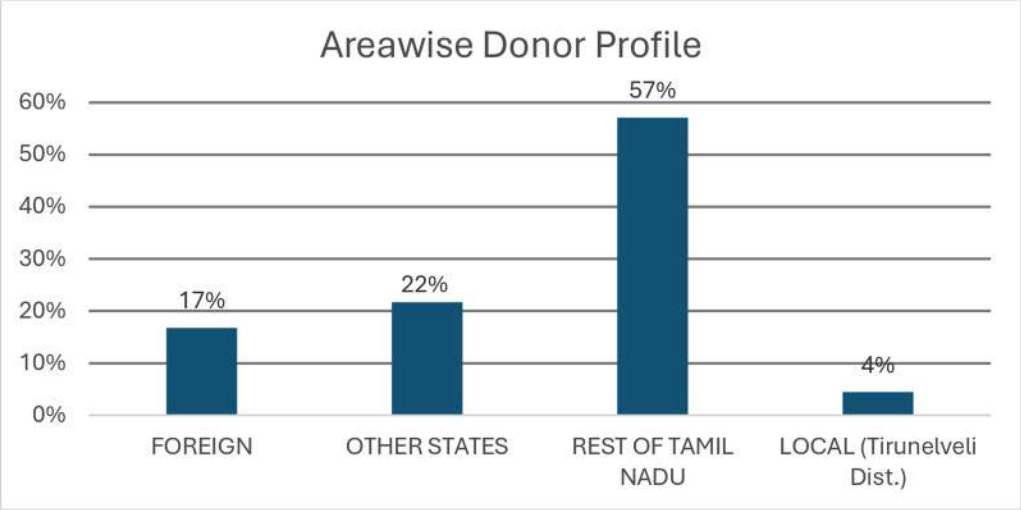

7.6 Source of Fund Raising 2024-2025

S.No.	Types of Donations	Rs.in Lakhs
1	Routine Fundraising (through referrals, mailers and visitors)	1368.11
2	CSR Funding	1020.52
3	Trusts and Funding Agencies	9.58
4	Amar Seva Sangam Web Page	173.06
5	New Year & Pongal Contributions	12.66
6	Festival Donations	72.28
7	Give India	0.08
8	Bangalore TCS World 10k Run	10.74
9	Mumbai Marathon	10.17
	TOTAL	**2677.21**

7.7. Area wise donation received

REGION	2023-24		2024-25				
	Total No. of Donors	Rs. in Lakhs	Total No. of Donors	No. of Donors in %	Rs. in Lakhs	Donation Amount in %	Per capita donation Rs.in Lakhs
FOREIGN	33	473.64	21	1%	449.23	17%	21.39
OTHER STATES	978	662.00	850	23%	580.90	22%	0.68
REST OF TAMIL NADU	2390	783.65	2123	56%	1,528.45	57%	0.72
LOCAL (Tirunelveli Dist.)	912	135.04	765	20%	118.63	4%	0.16
TOTAL	**4,313**	**2054.33**	**3759**	**100%**	**2,677.21**	**100%**	**0.71**

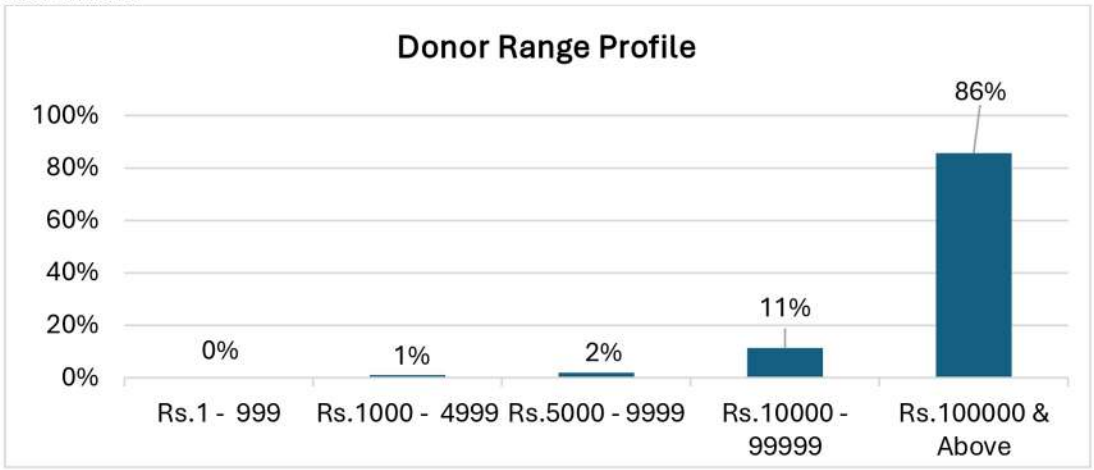

The value of donation increased but the number of donors decreased in the year 2024-25. The number of donors has decreased from 4313 to 3759, decrease of 13% percent, while the value of donation has risen from Rs. 2054.33 lakhs to 2677.21 lakhs, showing a impressive growth of 30.32% percent. 56% of our donors are from Tamil Nadu contributing 57% of our donations. The per capita donation from foreign donors is high as they constitute 1% in terms of numbers but contribute 17% of our donations. The local district participation is also strong in terms of numbers. They constitute 20% of our donor base and contribute 4% of our total donations. Participation by other states are also satisfactory.

7.8. Donor Profile

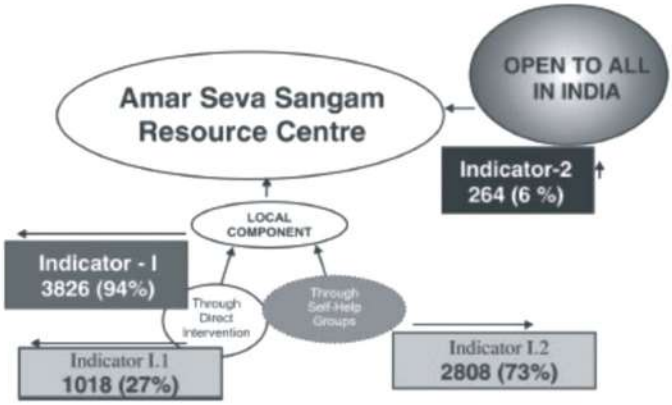

Donation Range	2023-24		2024-25			
	Total No. of Donors	Rs. In Lakhs	Total No. of Donors	No. of Donors in %	Rs. In Lakhs	Donation Amount in %
Rs.1 - 999	251	0.91	189	5%	0.74	0%
Rs.1000 - 4999	1376	30.18	1193	32%	26.65	1%
Rs.5000 - 9999	1037	63.32	845	22%	51.42	2%
Rs.10000 - 99999	1448	330.92	1336	36%	303.56	11%
Rs.100000 & Above	201	1629.00	196	5%	2294.84	86%
TOTAL	**4313**	**2054.33**	**3759**	**100%**	**2677.21**	**100%**

Majority of our donors are in below Rs.5000/- range. While they constitute 37% of our donor base, they contributed 1% of our total donations. 58% of our donors are between Rs.5000/- to Rs.1 lakh. They contributed 13% of our donations. 86% of our donations had come from High Value Donors of above Rs.1 lakh who constitute 5% of our donors. The per capita donation is as high as Rs.21.39 lakhs in this High Value Donors (HVD) category. Both Area-wise and Range-wise analysis indicate that the foreign donor have contributed the maximum per capita donation while they are only 1% of total donors. Very strong local and State level support also exists.

9.1.3 Auditor's Report

AUDITOR'S REPORT

We have audited the attached Balance Sheet of **AMAR SEVA SANGAM, SULOCHANA GARDENS, 10-2-163B, TENKASI ROAD, AYIKUDY – 627 852 (herein after called Trust)** as at **31st March 2025** and also the attached Income and Expenditure Account for the year ended on that date annexed thereto. These financial statements are the responsibility of the Trust committee. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating he overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

- We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of the audit.

- In our opinion, proper books of accounts as required by Trust Act and Rules there under and Bye Law of the Trust have been kept by the Trust which give all information required by the Act and in the manner so required.

- The Balance Sheet and the Income & Expenditure Account dealt with by this report are in agreement with the books of accounts of the Trust.

- In our opinion and to the best of our information and according to the explanation given to us, the said accounts give all the information required by the Trust Act, and Rules therein in the manner so required and give a true and fair view.

    i. In the case of Balance Sheet of the state of affairs of the Trust as at **31st March 2025**

    ii. In the case of Income and Expenditure Account of the excess of Income over expenditure (Surplus) of the Trust for the year ended on the date.

9.1.4. Notes to Accounts

1. Significant Accounting Policies

1. **Trust Overview:**

   Amar Seva Sangam was established in the year 1981 as a Charitable Trust registered under Tamilnadu Societies Registration Act, 1975 vide certificate no TSI 16/1981 a model center catering to all the needs of the differently abled.

2. **Basis of preparation of financial statements:**

   The financial statements have been prepared and presented under the historical cost convention on the accrual basis of accounting and comply with the Accounting Standards issued by the Institute of Chartered Accountants of India to the extent applicable. The financial statements are presented in Indian rupees.

3. **Use of estimates:**

   The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

4. **Fixed assets and depreciation**

   Fixed assets are carried at cost of acquisition less accumulated depreciation. The cost of fixed assets includes freight, duties, taxes and other incidental expenses relating to acquisition. Depreciation is provided on the written down method as per the provisions of Income tax Act 1961.

5. **Inventories**

   Inventories are carried at the lower of cost and net realisable value.

   Cost comprises purchase price and all incidental expenses incurred in bringing the inventory to its present location and condition. The method of determination of cost is as follows:

   - Finished goods - at cost of production based on direct costing /landed cost on a first in first out method
   - Stores and spares - at landed cost on a first in first out method

6. **Retirement benefits:**

   Contributions payable to the recognized provident fund, which is a defined contribution scheme, are charged to the profit and loss account. Employee benefits on account of Gratuity with defined contribution plan covered under group gratuity policy with Life Insurance Corporation of India . Based on the quotation given by LIC, liability is created in the books. For leave encashment costs, which are not under defined benefit schemes, no provision accrued in the books and the same is discharged on cash basis.

7. **Revenue recognition:**

   Donations are accounted on cash basis. Earmarked and specific donations are accounted appropriately in the books and the same is utilized for the purpose for which it is received. The funds received on account of non-earmarked/general will be used as per the discretion of the Trustees.

Donation amount received for a specific project are recognized on time basis.

Interest on deployment of surplus funds is recognized using the time proportionate method based on underlying interest rates and the same is taken to specific earmarked funds wherever mandated by the donor. In all other cases it is taken to revenue.

Interest Income recognized in the books separately and disclosed as Income separately for non-earmarked funds.

8. Foreign exchange transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the dates of the respective transaction.

9. Provisions and contingent liabilities

The Company recognizes a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

10. Investment

The Investments are recorded in the books at cost. Interest accrued but not due up to the date of balance sheet on deposit made under reinvestment plan are added with the deposits.

2. Capital commitments and contingent liabilities:

		31 March 2025 In Rs	**31 March 2024 In Rs**
I.	Estimated amount of contracts remaining to be executed on capital account (net of advances) and not provided for	24,00,000	44,48,425
II.	Contingent liabilities: a) Bank Guarantee given	Nil	Nil

10. Status Report on Outlook presented last year

10.1. Strategic Positioning – Post-Roadmap Adoption

Following the EC's formal adoption of the **10-Year Strategic Roadmap (2025–2035)**, the financial year **2025–26 officially assumes the role of a "Foundation-to-Expansion Transition Year."** This marks ASSA's shift from incremental programme additions to **structured institutional scaling**, anchored in a **mission-mode framework** covering rehabilitation, education, para-sports, technology governance, sustainability, and national partnerships.

Although the initial draft of the Outlook was prepared when the roadmap was still under proposal, the **adopted version now gives this year strategic weight**—positioning FY 2025–26 as the **launch base from which ASSA moves toward national scalability and knowledge-leadership status.**

10.2. Strategic Operating Themes & Project Mobilisation Priorities

Institutional actions for the year will be governed under six strategic operating themes, guiding both project execution and organisational behaviour:

Strategic Theme	Outlook Focus for FY 2025–26
Rehabilitation & Healthcare Expansion	Completion of Spinal Rehab Blocks, activation of para-sports infrastructure, groundwork for rehab excellence centres linked to academic bodies.
Academic & Knowledge Capital	Operational readiness of Physiotherapy College (Phase I), activation of COE as a training and research hub, strengthening of university and NGO partnership frameworks.
Digital Governance & Technology Backbone	ISO 27001 execution, SSE process alignment, IT governance leadership onboarding, data architecture localisation for EI®-Rights-SIA integration.
ESG & Sustainability Execution	Energy rationalisation, green infrastructure (solar, drip irrigation, biofencing), and accessibility-focused physical infrastructure upgrades.
Partnerships & National Visibility	Strategic partnerships with Manipal University, Lancor, GRT Jewellers, Australian Consulate, and SSE/NSE platforms to position ASSA as a high-credibility national partner institution.
Governance & Leadership Continuity	Mentorship-linked responsibility mapping, decentralised execution accountability, and performance-led monitoring culture to replace compliance-style reporting.

These themes will serve as the navigation backbone for **all capex, programme, partnership, and institution-building decisions throughout the year.**

10.3. Institutional Focus – Internal Strengthening to External Expansion

FY 2025–26 will balance **internal capacity strengthening** (IT, ISO, governance systems) with **external expansion groundwork** (Physiotherapy College, Centre for Empowerment at Pattukkottai, Indoor Stadium, SSE Bond groundwork).

This ensures that **execution discipline and institutional governance frameworks mature in parallel with new outward-facing projects**, keeping the organisation expansion-ready without operational compromise.

10.4. Governance, Finance & Resource Mobilisation Outlook

- **SSE-ZCZP Bond Task Force** will begin preparatory documentation, impact matrix compilation, and investor story development with target readiness by **Q4 FY 2025–26**.

- **CSR/HNI outreach will be calendarised**, linked to milestone visibility dashboards to accelerate donor confidence and ensure high-conversion engagement.

- **Capex Governance Dashboard** will be introduced for quarterly EC review, ensuring real-time visibility on execution pace, funding status, and risk mitigation triggers.

10.5. People, Leadership & Culture Strengthening

- Mentorship programmes will shift from observation to **role-anchored leadership preparation**, especially for upcoming institutional units (Rehab Blocks, Para-Sports, Physiotherapy College).

- Internal culture will be moved towards **performance reflection and proactive ownership**, building **decision-capable mid-level leadership** for mission-scale execution.

10.6. Institutional Identity & Visibility Amplification

- ASSA will **reinforce national positioning** through carefully leveraged visibility milestones – Badminton Court inauguration, COE commissioning, Capex breakthroughs, and award/media engagements.

- **Every visible milestone will double as a donor confidence narrative point**, enhancing ASSA's institutional credit line in both social and financial capital terms.

10.7. Projected Institutional Gains & "Impact Dividend" FY 2025–26

Institutional Outcome Area	Expected Gain by March 2026
Rehabilitation Capacity	+112 neuro-rehab beds operational through Kanchi Blocks & new para-sports infrastructure.
Academic Infrastructure	Physiotherapy College Phase I nearing launch, improving visibility in academic healthcare networks.
Institutional Visibility	ASSA positioned as **Para-Sports Hub + Academic Knowledge Institution**, not just a rehab centre.
CSR Conversion Confidence	**+30% increase in donor conversion likelihood** due to dashboard transparency & SSE narrative.
Government & University Positioning	MoUs and advisory integrations enhance ASSA's stature as a systems-level ecosystem partner.
Strategic Value Realisation	ASSA transitions from **service delivery identity** to **"knowledge + impact" institutional identity** ready for scale replication.

This **Impact Dividend** reflects **institutional value beyond direct financial measurement**, affecting credibility, capital access, and long-term sustainability.

10.8. Year-wise Capex Investment Table (Execution Reference for EC Monitoring)

Year	Projects & Financial Weight	Projected Investment (₹ Lakhs)
FY 2025–26 – Foundation & Safety Consolidation	Spinal Blocks I–IV, COE Building, Compound Wall, Safety Infra (Fire Hydrant & IoT), Sensory Access Roads	**1,719.17 Lakhs**
FY 2026–27 – Expansion & Institutional Visibility Build-out	Physiotherapy College (Phases I & II), Indoor Sports Complex, Pattukkottai Rehab Centre, Badminton Court Phase II, Solar Systems, Land Development	**3,132.74 Lakhs**
Total (2025–27)	Institutional strengthening followed by expansion phase	**4,851.91 Lakhs**

10.9. Strategic Interpretation of Capex Spread – Executive Analytics Commentary

- **FY 2025–26 Capex Pattern indicates a "Stabilise & Secure" strategy** — safety, risk mitigation and critical infrastructure are prioritised to establish **institutional resilience before expansion**.

- **FY 2026–27 Capex reflects a clear "Visibility Acceleration & Academic Activation Strategy"**, with high-impact, externally visible infrastructure like colleges and sports arenas carrying the bulk of investment.

- The **phased sequencing mirrors best-in-class institutional growth logic**:
  "Secure the core → then scale the identity"
  This ensures that expansion is not transactional but **mission-aligned, donor-attractive, and strategically staged.**

10.10. Outlook – Mission Commitment for the Year

FY **2025–26 will be remembered as the year ASSA shifted from operational excellence to institutional influence.** With the roadmap now adopted, this year will **lay the operational, narrative, and governance foundation** upon which national expansion and knowledge leadership will be built.
This is not a maintenance year — it is a mission activation year.

30.1.2025

I had been invited by the President and Secretary of Amar Seva Sangam, to inaugurate their Sensory Unit and Sensory Park. Today I am here to inaugurate the same. It was such a wonderful experience to be here at the campus of Amar Seva Sangham. The activities here are bringing a profound change in the lives of the differently abled. The thought process and the ways in which the schemes have been implemented definitely need great appreciation. I honestly wish that the services of Amar Seva Sangam continue forever bringing in empowerment and self reliancy in the life of the differently abled.

With Best Wishes

It was indeed a privilege & pleasure to witness the multifarious activities of Amar Seva Sangam.

They are doing an incredible job of protecting, nurturing and making completely self sufficient people who would otherwise have been struggling in life.

Wishing Mrs Ramakrishnan, New Chairman Ramani & the rest of the Amar Seva Sangam team the very best.

On behalf of The Lawson Group.

ஆய்க்குடி அமர்சேவா சங்க புதிய லோகோ வெளியீட்டு விழா

கடையநல்லூர், மே 17–

ஆய்க்குடி அமர் சேவா சங்கத்தின் புதிய லோகோ வெளியீட்டு விழா நடந்தது.

ஆய்க்குடி அமர் சேவா சங்கம் துவக்கப் பட்டு 43 ஆண்டுகள் ஆகிறது. இதன் மூலம் பயனடைந்த மாற்றுத் திறனாளிகளின் எண் ணிக்கை வளர்ந்து கொண்டே வருகிறது. மாற்றுத்திறனாளிகளின் மறுவாழ்வு, கல்வி, தொழில் திறன், நவீன நுணுக்க வழிமுறைகள் போன்ற அனைத்தும் அதிகரித்து வருகிறது.

அமர்சேவா சங்கத் தின் தொண்டு தமிழகம் மட்டுமல்லாது, இதர மாநிலங்களிலும் பரவி யுள்ளது. நாடு தழுவிய சிறப்பு நிறுவனமாக திகழ வாய்ப்பு பெறும் வகையில், சங்கத்தின் புது லோகோ முத்திரை அடையாளம் மாற்றிய மைக்கப்பட்டது. இதன் வெளியீட்டு விழா நடந்தது.

ஆய்க்குடி அமர்சேவா சங்கத்தின் புதிய லோகோ வெளியீட்டு விழா நடந்தது.

அமர்சேவா சங்க தலைவர் ராமகிருஷ் ணன், செயலர் சங்கர ராமன், செங்கோட்டை தொழிலதிபர் பிரியியர் ராமன், முன்னாள் எம். எல்.ஏ., வேங்கடரம ணன், டாக்டர் உது மான், கமிட்டி உறுப்பி னர் பட்டம்மாள் திருவி ளக்கேற்றினர்.

அமர் சேவா சங்க தலைவர் ராமகிருஷ் ணன் விழாவை துவக்கி வைத்து வாழ்த்துரை வாற்றினார். அமர்சேவா சங்கசெயலர் சங்கரரா மன் அமர் சேவா சங்க உன்னத சேவையில் செயற்கரியநல்லினைவு களையும், அதன் மூலம் ஏற்பட்டுள்ள முன்னேற் றத்தினையும் எடுத்து ரைத்தார்.

சிறப்பு விருந்தினர் ஷோகோ நிறுவனர் ஸ்ரீதர் வேம்பு, புதிய லோகோ முத்திரையை காணொளி மூலம் வெளியிட்டார். முன் னாள் தலைமை தேர்தல் ஆணையர் திருஞ் ஞானமூர்த்தி, முன்னாள் மத்திய உளவுத்துறை இயக்குனர் கார்த்திகே யன் வாழ்த்தி பேசினர்.

தலைமை கணக்கா யர் ராஜேஸ்வரன் வர வேற்றார். அமர் சேவா சங்க குழந்தைகளின் கலை நிகழ்ச்சிகள் நடந் தன.

அ ம ர் சே வ ா சங்க பொருளாளர் கப்பி ரமணியன் நன்றி கூறி னார்.

ஆய்க்குடி அமர்சேவா சங்கத்தில் நாணயம், தபால்தலை கண்காட்சி

கடையநல்லூர், ஆக. 23–

ஆய்க்குடி அமர்சேவா சங்கத்தில் பல்வேறு நாடு களின் நாணயங்கள், ரூபாய் நோட்டுகள் மற் றும் தபால்தலை கண் காட்சி நடந்தது.

ஆய்க்குடி அமர்சேவா சங்கத்தில், சுமார் 130 நாடுகளில் உள்ள நாண யங்கள், ரூபாய் நோட்டு கள் மற்றும் தபால்தலை களை பள்ளி மாணவ, மாணவிகள் அறிந்து கொள்ளும் வகையில் மாபெரும் கண்காட்சி நடந்தது.

ஆய்க்குடி அமர்சேவா சங்கத்தில் நாணயங்கள் மற்றும் தபால்தலை கண்காட்சியை வசந்த் ஆப் தென்காசி பவுண்டேஷன் நிறுவனர் ஆனந்தன் திறந்து வைத்தார்.

பள்ளி தாளாளர் பட் டம்மாள்தலைமை வகித் தார். அலுவலக மேலாளர் கிருஷ்ணம்பிள்ளை முன்னிலை வகித்தார். ராமகப்பிமானியன் வர வேற்றார். அமர்சேவா சங்க நிறுவனர் ராமகிருஷ் ணன் சிறப்பு அழைப்பா ளராக கலந்து கொண் டார்.

அமர் சேவா வால்ஸ் ஆப் தென் காசி பவுண்டேஷன் நிறுவனர் ஆனந்தன் கண்காட்சியை துவக்கி வைத்து பேசினார்.

அவர் பேசுகையில், "நமது மாணவர்களும், குழந்தைகளும் இந்திய நாட்டின் வரலாற்றை யும், போர் வீரர்களின் வாழ்க்கை வரலாற்றை யும் படித்து பார்க்க வேண்டும். இந்த சிறு வயது முதலே நல்ல பழக்க வழக்கங்களை வடிவமைத்து கொள்ள வேண்டும். அப்போது தான் புதிய சித்தனை கள், மனதில் தோன்றும் படைப்பு சார்ந்த விசயங் களை எளிதாக கையாள முடியும்" என்றார்.

அமர்சேவா சங்க உறுப்பினர்கள், பள்ளி ஆசிரிய, ஆசிரியைகள், பெற்றோர்கள் ஏராளமா னோர் சென்றனர். நாணயகோ சன் நன்றி கூறினார்.

வன மஹோத்சவத்தை முன்னிட்டு ஆய்க்குடி அமர் சேவா சங்கத்தின் சிவசரஸ்வதி வித்யாலயா பள்ளியில் 50 மரக்கன் றுகள் அடங்கிய குறுங்காடு அமைக்கும் நிகழ்வில் பகுதி படை ஒருங்கிணைப்பாளர் டாக்டர்.விஜயலட்சுமி மரக்கன்று நட்டுவைத்து மாணவர்களுக்கு இயற்கையை காக்க வேண்டிய அவசியம் குறித்து உரையாற்றினார். பள்ளி தலைமை ஆசிரியர் பார்வதி நன்றி கூறினார். தினமணி

Amar Seva Sangam commends Stalin for initiative to empower disabled

Chennai, Mar 3: Amar Seva Sangam, a leading organization dedicated to empowering differently-abled individuals, commended Tamil Nadu Chief Minister M.K. Stalin for his groundbreaking initiative to integrate people with disabilities into Local bodies across the state. This historic move makes Tamil Nadu the first state in India to provide political representation for differently-abled individuals, fostering inclusivity and equality.

The initiative includes nominations of differently-abled representatives to local bodies such as panchayats, municipalities, and corporations. This decision will significantly enhance participation, empowerment, and policy influence for persons with disabilities. Amar Seva Sangam recognizes this as a transformative step toward creating a more inclusive society that benefits from the diverse talents of differently-abled individuals.

Statistical data highlights the urgency of such policies, with Tamil Nadu's differently-abled population estimated at over 1.3 million. This move is expected to unlock new opportunities in governance, enhance local administrative efficiency, and serve as a model for other states to follow.

Leadership from Amar Seva Sangam, including President S. Ramakrishnan and Secretary S. Sankara Raman, expressed their deep appreciation for the Chief Minister's vision, emphasizing its role in breaking societal stereotypes and promoting meaningful participation in policymaking. The organization pledges its support to ensure effective implementation and long-term impact.

A word of Thanks

With the blessings of the Almighty and the goodwill of countless well-wishers, Amar Seva Sangam gratefully acknowledges the unstinting support received throughout the year. Our heartfelt thanks to the distinguished dignitaries, government leaders, corporate partners, CSR foundations, philanthropic institutions, and support agencies who stood with us in advancing the cause of inclusion and dignity for persons with disabilities.
Our Sincere thanks to our Chief Patron, T.S. Krishnamurthy, former Chief Election Commission, Patron D.R. Kaarthikeyan, Retd CBI, and patron Prof. V. Kamakodi Ph.D, Director IIT Madras, for their support and guidance. We also extend our sincere appreciation to our Executive Committee, General Body Members, Advisory Board members, donors, friends, and community champions who continue to guide and empower our journey. Our thanks are also due to our Statutory Auditors, Legal Advisors, Consultants, Doctors and our Consultants.
